Aug. 31 —

Dear Martha:

I just got you letter when I was on K.P. and one of my friends brought it to me at noon. Boy it sure was a great help. I was very happy to get a long letter + I like that paper boy was that fun to look at. And if you have the "i" card well, I can get the car but not the gas. I sure like the writing on the back of the letter. That was O.K. All that is missing is the stamp being put on upside down + S.W.A.K. say when am I going to get that from the last letter you mailed.

Speaking of shoe rationing, the other night a guy pushed me in a doorway, pulled a gun + said "Put up your feet!"

If you do not like that one how about this.

There are so many women in the army now that when a soldier sees a uniform coming down the street he has to wait till it gets within 20 feet before he knows whether to salute or whistle.

How was that?

You have the wrong idea about the joke on necking. There is a deffeent between necking & petting. See if you can find out the diffeent.

There was a break of about 12 hours because I call you up & then went to bed. We got a parade to-day but we are working in offices rooms so we do not have to go. We have the best & clean tent in Squadron. See I will make a good husband to some body. at least I know how to keep a place clean.

I will try to finish you letter after I finish working. It is now noon & I will not have time to finish this letter unless you like a short letter.

There is the kind of job I like:

chair on cool, south porch & came to meals unarrested.

Did you hear the one about eating in bed. Well —— here goes. "A Sioux City woman, wishing to divorce her husband, gave the reason that he ate ice cream in bed. "He consistently ate chocolate," she told the judge. "and he knew I only like vanilla." You know I put something about eat in bed did you. Say you will have to explain the joke in you letter about the lady seeing Detroit.

It is to bad, but I have some bad news for you. I hope you ~~bad~~ will not be too heart broken at it. as I tried so very hard - it did not turn out the way I thought it would. now please do not take it to bad. maybe you betta set down. Well here goes

I could not get any dentyne gum
So you ~~let~~ will have to rely ~~upon~~
useing the same peice I hope it does
not get to bad. If it does we can
put it on my bed this it well save the
rubber.

So this letter must come to the
end. I am very sorry.

I hope this is better than
the last one.

Love
Jeff
