Dear Martha:

Well I find good old Calif. after 3 days of travel. Well I guess you would like to know about the field.

I looks to me like they do not know just what to do with us here. But I think that I am in the air corp Engeen. and it looks like I will have to go through Basic training for the third time. But this is the army.

March field is a old place. The Field had good barracks & a swimming pool, In fact there was some people swimming today, it looks just like some of the pictures you see in Calif. But we are in a new part of the Field we got fair barracks & dust too gross. But it is not as bad as Kearns.

The sun was out all day and you do not need a coat at night unless you stay up to the early hours of the day. The air is nice and you can see the mts. about 20 miles away. We have natural gas to burn and you never see smoke. Boy was that moon out last night did you notice it.

I sure would like to see the moon from the Back of the nursing Home and not a Calif. Do you know that it is my birthday and I was expecting to get a big kiss from you But look at me now.

The train ride took us through Kansas; Okla. Texas; New mexico; & Arizona All I saw was sand, sand & cacti. There was enough men from the Army on the desert to make two Indianapolis. There was about 400 tanks & trucks & car. and on more there was miles with packs. and long lines of Army cars & trucks out in a practice battle.

It was cold & snow in Kansas but this calif is the life. maybe I will have a tan for Christmas. or go swimming in the ocean Christmas.

now I will answer your letter of Oct. 22. I hope you are mad. Because you should be. Your is the sturdiest coming I hope better than what you letter said.

Do you know that boy in the anti aircraft is in Camp Haan. which is across the street from me I hope I can see him.

C.A. is 58 miles from here and you can get a pass if you are lucky. The passes is from 5 P.M. Sat to 5 A.M. Monday. I sure hope I can see C.A. you can go to Riverside which is about 15 miles but they say that can not have a good time there.

over.

I think I will go ~~over~~ over soon so I would like my ring. I wish you could keep it but I made a promt. I hope you understand. But I think the ring did not mean any thing it is what is behind it. as a uniform did not mean everything but the man behind it. I hope you understand. Please mail it or take it to my house. In fact it would be better to take it to my house. But you wait untill I write "you" and tell he you are coming.

Hold everything

Love

Hop.
