Dear Mary,

I wrote you an air mail letter last night before I went to bed. I do not know how good it will be as I was pretty tired and I gave it a mess. So I hope you will forgive me.

While I had my 2 days off I saw a English picture. It had a pretty good story & could be true both here and in the states. It was about a woman who is married and the husband is in the army. Well while she is away she starts going out with other men. Well he hears about it and comes home & finds her in the other man's house. And then a fight started. The civilian as he was a fighter so he beat the hell out of the soldier. But at the end the soldier wins. And the wife gets a child & keeps her home. And the man stays back. I

I hope you do not mind me writing you all about it but I had to as you would not see it and I am thinking a lot of you again. Who is married or engaged are doing that. I know they are over here. For is it at home? I thought of the Cuban war it is for the Americans.

We are having great weather over here now. In fact it is the best we had all year. We had a ball game, Softball & Play. We lost to the M's 11-6. We didn't lose any out field at all. They would of all used home + benches & got the ball. I had a bad boy at the plate. So the less we talk about that the better I feel.

I think I write you that one of the boys from north is going home. And if I was in his shoes I would be home in a 45 day furlough just around your graduation. Now I do that make you proud. Well, it does me. But he has been over here 3 years and if I was here that long I would not of known you. So it's better our way.

Last night I answered your letter of August. And I thought it's March 14. You see I had this letter in the barracks. But I didn't get a chance I didn't get it. You I wrote you. ^{if} you I make 2nd Lt. it would not make much difference between us. I know that is the way you want it. But just think of the fun you would have in ^{giving} me orders. And then I would have I carry them out. And then you could tell me a couple good ones just right now. Is that right.

If you get a couple of those moon light nights
you should eat let that go. You better get
yourself some hay. Or we can always get
make for the lot. I did not mean
to say only a paper Moon! I will be listening
for it now. You have. & tell me about the
known songs. As I am behind over here.
I was glad to read what you said about
smoking & drinking. I hope you stay that
way.

Will you send that is all for me &
my St. I hope that the letter finds you
in good health & happy as I am.
I love you a lot, but there's
little I can say & do about you now.
What I want to see you.

All my love
Vag.
