My one & only Marty

I'm lonesome tonight before the lights go out so I thought I would drop you a line & tell ~~tell~~ let you know that I am thinking about you very much. And that's will have stop that.

Right now I got a bottle of Coke. You see I went to the Snack bar a Senior Club as you would call them at home. And got a milk bottle full of Coke. Tuesday which I write this letter to you I am having a Coke. And it's good as we do not get many of them over here.

Well how are things there?

Everything here is O.K. they still get us working hard and I am pretty tired I might. The weather is still great. And I hope it stays like that. This is the last Sunday I have a outside job. But I guess you can't have any thing.

I do not have any news for you as I stay in last night and write letters. I am way behind in writing.

This Easter isn't you write along as you letter sounds good. I wish I was there I'd take you out. Boy would I be happy mad. Then I would sing you that Easter Song. Put in second

thought why spoil it all. I
will just come & take you
out. You really take beam
as a color. I did until Feb. 5
1948 when I got a commission
that I can not get away from.
I guess you are getting near
the end of school. So if you
have that just for get the
writing and do the work. You
can always answer my letters.
That will keep.

I see we have a lot in common
too in this letter you talk about
laying on the floor & reading
funnies. Roy do I like that.
The only thing better is a good fight
on the floor all is fun of course.

the only thing I like better is a good meal at home in the bottom. Were you got on your old clothes & then you can eat like you like to. And forget your good manners. Also you can take your shoes off. That's when I really enjoy a meal. I hope you do not think bad of me but that is the way I like to do of home as. I am a pretty lazy boy.

Well this is about answering the two I shall do better tomorrow I will let you know I can ~~but~~ not tell you that's this is pure

Love & Kisses

Bob.
