Hello Martha.

I was on my furlough when you letter com, so I could not answer your letter before. It will take me about two weeks to get all the sleep I need. I sleep in just about all my class monday + tuesday. More fun! I am writing this letter in history so I do not go to sleep. I was glad to here my letter was so welcome. I was very glad to here from you.

The test we had were difficult but I did not spoil my furlough. And I enjoy my furlough very much. But the monday we got back our ~~gym~~ Gym work, just about killed us. Boy one week without it and you are all out of condition.

When you said that the soldier came to capping the other night. Is that capping when you get your caps. I think that is what Pearl said.

I am glad you meet some soldier you like.

How did you sister like St. Louis?

I hope you enjoy your vaccation as much as I did.

This school we got is getting me down. I was so happy to get out of high school and now look were I am.

Did Pearl or you get a sun tan? Pearl had a nice ~~one~~ last year. I got a ~~tan~~ on my furlough. But not like I would like.

Write soon!

Sorry I could not answer sooner

Your great friend
