Dearest One,

We got a great day outside of city. And we got a lot of sunshine. It is great to be alone. It's a good day. If we could go on a picnic. Some place out of the city where we could be alone for a while. Because we have so many things to do to make up that I've been here. And I could write you a lot of things I will long. How do you think you could do?

I got the radio on and it's good to hear it. Hear some of the old people you heard when you also were.

I have so much to write to you to say so

this letter will be short.
How do you like this stationery?
I stole it. The paper is not
like you get but then you can
not get any thing good over
here.
I heard on the radio that
the 6th Marines is going to
the capital in Okinawa.
I guess your brother is in that.
I sure hope he is O.K.
By now my brother should
be home on a leave this he gets
one before he goes I mean as
he graduated from school 19
May which is Sat. He would
like to get home by Sunday
the school picnic.
You say I am back to picnic
again. I think you better
go in one parade. If I can not
go at least pick me.
They got a map in the paper
and the shortest way to the
Pacific is through the U.S.

now if a couple of the big
paper men get the same idea
I think it will be O.K. But you
we will see if we wait while.
Mother said that she is getting
my letters in 4 days and I am
glad it is not so bad with
you. I sure hope they are coming
better now.
Did you see Johnson's
the Farrot disaster in Hollywood?
of course that is just one man.
and that music should point hope
it's a lot bad the matter a Sang
I Remember is the most of it
gone. I think he's a little nuts.
You said that you admire
Everybody with brain to get
through. This will not
me as I think you are
are interested in playing football.
So you school days are
Orange & black. Well we
got Orange & Blue. The Blue
is very dark. and almost black.
So they are almost alike.

So you are going to take a little rest after this is all over. I think that I should get a little rest after this is over. Of course all the boys say that we got a rest now. Only we are away from home.

I really like the ending of your letter. In fact the all good. If I only hold you & you only I would be O.K. and get a lot of this love.

My Dear one if I could only hold you in my arms I would be all set for a long time. God watch over you

Love &

my Dearest one,

Marty
