your such got your man now. Page 2
By the way how are your New Year's
resolutions coming. My ones are all broken broken
now.

I saw Flash & Fantasy but that is a
long time ago. All the pictures I get now
are very old.

Say how were you & the MP doing.

Well, I do not have much news for you
here. The English people are very kind
to me. Last night I meet three girls from
the R.A.F. but I had to get back to camp
on time & that was early. You know how
I had to leave you so early at St. Louis.
I like the Fish & Chips or Fish & French fries.
They have ladies running on all the buses
& tramps on street cars as you know them.

There are a lot of girls around here but
I would give a thousand of them for one of
you. They are not good looking at all.
With love & kisses O. H.
