Dear Martha.

I know this is early to write a letter but I have not written to you in a long time.

I hope you are well & happy.

This is a [redacted] we are at. The mud is bad and the sun never comes out. Boy would I love to see the sun very hot.

We have to do a lot of walking in this camp. The place where you get drinking water (H₂O) is about 3 block away and the bath room is cold and just 2 block away.

Boy, I am writing this letter by candlelight. We are to go to the light room they say.

Mildred will close now. I have to work with Rose & Jessie. *Ullie*
