Dear Martha,

I received another letter from you today. And I will answer it tomorrow. As I am going in to town and do not have enough time to answer it.

I know you do not like V-mail & do not like them. But I thought I would write one to let you know I got your letter.

We are having real March weather out side. I need a piece of sun in my hand to keep me from blowing away. I will put up my kite tomorrow.

I hope you are in good health. As I feel good.

With love & kisses O. Reis.
