1st POSTMASTER
N.Y.C.

Miss Martha Dabrough
Katherine Hospital
School of Nursing
St. Louis 18 Mo.

March 17, 1944
England.

Dearest Martha,

Well how are you on this happy
St. Patrick day. I feel great quite a little sick
for people's faces. I am on a 48 hour pass so I am at
the Red Cross writing to you. I got out of bed at 9:30
p.m. and it is good to do that some times. I guess
I better answer you letter of Feb 27.

The first thing I am going to do is to get
mad. You've started your letter Dearest Ollie;
and the Dearest is you very good I like that.
But that Ollie is out it's Hop to you & will always
be that way. Ollie is O.R. but I like Hop. Say you
may have some nick name. If you do just tell
me because I like nick names better than your
names.

You thank me for the Valentine's card. Say
here is a verse I should of put in it.

"When you've had your little fling,
and want somebody steady,
To really be your Valentine,
Just call me. I'll be ready." What do you think?
I have seen a lot of shows these days. But that
is all. And I mean all. Say if you have been as good
as I am you would be "angle" H.H.H. You can just see my
wings. Or can you?

You asked about my job it's still the same. 2.
Nothing!!

I like your clipping. I have none in this letter
for you. What do you think?

I did not see "Guadalcanal Diary". But I would
like to. How does "W" Bendir talk?

So you are not going home to finish your training.
That's too bad about you having all the things stolen.

You are talking about the nice New Orleans
you got it. How well you should see it. How
Boy would I like to have you out walking
now. There is a small bridge + a big park around
here. Well I guess you can dream out the rest like
I have to do. I wish we did not have to do that.

I better close now before I say too much.
I want to tell you the thing in person not write them.

With Love

+ my God watch over you.

Wap.
