Dearest Martha,

I thought I was going to
write last night but I went to town
& to the show in town. And then to night
we went to the show on the post.
So I can't write now before I go to
bed. And since it is late this letter
may have to wait until tomorrow
before I can finish it. Sunday night
I was not to the show and the picture
was Wagons Roll at Night it is a Old
picture. I do not think you will remember
that picture. I wish I could see
some new picture.

I do not know if I should tell you
one not but I wish. I hope you do not
get to mad. I had a blue date Sunday.
And was it blind the girl was really bad.
In fact I wish I would never had
it. But to be truthful I had it to help
a friend out as the bag is going out
with my date a bag. you will do a
bit for a friend some times. I wish
I could use the right word to describe
her. But I guess the curo would not
have leave it go thought.

That date reminds me of the first date I
had with you. I met you before but
I was not sure that I would know you
if you were in a room with a lot of
girls. I was afraid I would talk to the
wrong woman. But it turned out good.
In fact it was a very good one. And you
broke a bottle so much I guess it
turned out O.K. for you. But getting back to
my blind date. I was thinking if you all
the time. I saw this through that it was
you. I had out & the world was all
right now. I wish it was.

Here is another thing I would like
to ask you. It has been on my mind
a lot. You know that I met you this
year at Paul Jones and that I was going
with her through High school. You
seemed that you were good friends.
I hope that because I am waiting you
more letters & was going out with you
that you & her have not changed. I know
I have not said any thing about her before
but I was hoping hoping that everything
is O.K.

I also saw that picture Claudia. I think that it is good and if I ever get married I would like my wife's - our life to be like that. I think that is what you meant when you said. "I think I've always been in love with you" (I mean your type) I saw the movie Claudia after you left - that confirmed my belief. I don't could you explain more.

You also got me this club here. I hope I can explain my name now. This is from your letter. I don't see the point in it. never to say what you mean. That is why I held out so long. before I gave in. - I wanted to be sure. That is what I wanted to do too. I wanted to make sure before I say any thing now. And the only way is to get back home. And see I talk a home a good time. But over here I hope you on my mind a bit over here. I hope you can get my point if not write you I remember that night in the reception room. I remember it to well. I did not know if I should do it or not. So you could eat more that one leg + wing of the chicken

I guess I could too but you do not get
all you can eat in the army. And
the army cooks as not the good.
We got one in our barracks. I guess
he will not eat either. I guess he will
go back to dinner a truck now
that he left the mess hall.

Well I guess that is all for tonight.

I miss you - think of you a lot.

Love

Ollie.

P.S. you see I am missing Ollie instead of
Hips. but you understand I guess. I didn't
believe.
