Dearest Martha,

To tell you the truth I do not know how to start this letter to you as I have just about used all the words know of which is not many. But when I do get started just what am I going to say. Because life he is very dull. We do, do some things but I can not write about it all. I can tell you one thing I could write a 2000 word theme on a matter with any child and a pair of chocolate cake. If you are not helping just give me an idea I will start writing.

We did a few things today. Of course I want to work nothing new. But we had a funny fight with a Red head. I was sitting in his back and he took his shoe off and started to tickle the sole of his foot. Boy did he go crazy. But it was fun. Then we went to the show and saw 'Guadalcanal Diary'. You said to me that picture well I did. And I went for the little guy from Brooklyn. I for get his name. So you see that I am the top go. Of course I wrote me letters too. And now I am making a mess out of this one. So I better start answering your letter.

I like that paper. It is the letter you wrote on with the title 'Lutheran Hospital'.

Doctor's orders." I that what I need  
from the doctor a letter from you. Will be  
get the right thing in the end.

Tell me more about your family. You just  
get finish telling me about Mary Ann. I would  
like to hear more. You have said all of mine  
family. And I know so very little about yours.

I got your letter with the song in it.  
Thanks a lot for all the trouble you had to go  
through to get it. But at least you have a  
radio to hear. And you are right about  
the words its friends all the more.

I am reading about the dream house  
you told me about. That is a bit of alright.  
The fire place - the danger part I would  
really enjoy. Of course you have to have a  
fire in the fire place. And the rain just  
coming down. What about a little music and  
you put in the rest. I am what you think  
would go good with that? Talking about  
a house. When I was in school we had  
to draw a house. The one we would like  
to live in. I would like to show you the one  
I drew. But I do have to say the teacher gave  
me a bad grade. But I guess that was  
because I was talking about the football  
players in the class so much. About

the player-players. I guess the boys are 3  
just as bad as the girls.

One boy with honed me apart of his little  
His wife with about a steak and  
everything. I just can't wait with anyone  
about that but he almost got kicked  
out of the barracks.

You are talking about Inselmann but  
I do not get this line you put in it. "Even  
though she knows how much faith  
I have in your skill."

I know. The "Iron Major" but it was a  
good picture even though "The Banner"  
was not in it.

If you are getting so many oranges just send  
them here. I would not mind having some  
now.

When on earth did you get the idea that  
I was a life guard. The only line I can  
save as flying and I did not see the  
picture the "The Gangs all here" you must  
be getting me mixed up with some other  
boy. You better watch out. Because that  
is bad business. One man is enough  
and 2 too is just too many.

Did you hear the joke about the woman  
who has a child. The father is holding  
the mother - looking at the new born.

child when the little boy about  
7 years old sang to his mother "Frankly  
I was hoping for a puppy."

Or how about this one.  
Private: "I can't see what keeps you  
girls from freezing."

Babe: "You that supposed to  
be this one."

She: "This one was like that and  
I'm yours for life."

I thank you for the warning.

Well I guess I better close now before  
I fall a sleep.

Still a no the night has gone by  
and you are not in my arms. I wish  
we could see each other soon. I wish  
I was here in for good night in the real and  
not just in by dream.

With Love My Dear  
Babe
