England,
Dearest Martha,
I got a lot much down but I
do not know what to write
now. I got a package from home
today. It was so good to get some
candy & cookies. I can see the cookies
now. I also got a sweater. They have a
radio program on the radio now. It is for the
M.P.'s I that remember me of the M.P. you told
me you were going to play a
game of ping pong
with your learning. I can really play a
bit better than I. I can see every
one of the kids
but our guns
will use them
bad I.

I wrote
you a couple
of nights ago
so I do not have
much to say so you
can see. So I better get
to your letter. I am glad to
hear that you are glad to
be in your studies. I like study-
ing now & then. So you are glad
to get out of massing. I guess it is good
to get out of school but I would like to be
there more. I was alone to
take your night & be alone
I wanted to do the other
high school but
in June

I guess I will come

not help. I still lost

now. The weather is good. Did I feel
good. But still miss some people
I think you know who I mean too.
With Love & music
Hap.
