Dearest Martha -

I received your letter Saturday but as I was going on my pass. This is Monday & it is the first chance I had to answer your letter.

Everything is O.K. in the E.T.O. I just got finish with my sun bath. It is the first one I had this year. And I did not want to stay out too long because I might get burnt. So here I am writing to you. You can see we are having good weather if I can take a sun bath. Now if I was home. I could go out & play ball and get a tan or better still swim. On second thought baseball is better. I see in your letter you are getting a tan. I hope you get a nice color.

I just got finish reading a good book the life of Lou Gehrig the great baseball player. Boy it's sure.

bad the way the doc to stop his life.
If ~~so~~ only he could have thrown off
the disease. What a great record he
~~would~~ have with 2130 straight ones.

I guess I better get to your letter.
So you family is planting a garden too.
my dad is out working (stone). Dad
never went in for farming. I would
sure like to see him. Mother said
that he was out in the garden at night
putting stick in the tomatoes & the
bugs were eating him up.

I guess your house is pretty dead
with both you & your brother gone.
My wife bet way soon. You see
my brother graduated June 10 (which
is not so far away) and will go in
the Navy before he is 18. and he will
be 18 in Sept. so I guess he will
go out & have a good time for a
couple of months. Not like me just a
week out of school & then in the army.
He said he is trying to work at
the opera. If he does he will be

making more money than I could³
save in a month & he will do it in
a week. That is like many men.

Forget about the letters you are
be kind & keep studying & up in school
That H.W. will mean a lot more to you
than I will ever.

I hope you have a good vacation
seeing that you are the only
one that is getting on this year.

I will have to be so I can eat
I will write more later this week.

With Love. I wish I had
you here to night. I know we are
going to have a good man as you need
a man too

With Love & kisses

Pop.
