Friday
England.

Dearest Martha,

I received your
very nice picture & I want
you to know how much I
like it I like it a lot. I wish
I could find the right word
the you use to describe the
picture. Do you know that
it has been about eight months
since I have seen you. That
is a long time.

Things here have been the
same. Except that I miss your
letters. But I guess you
have been too busy.

The weather here has been
O.K. but not like summer. You
know that just a couple of days
ago it was the first day of
summer, 21st of June, I guess
you are going swimming

lot at home now.

I have been going to town a lot but still not having very many dates. The few I do have are not like the one I had with you. I still have not found any girl like you at home.

I was very glad to hear that you are going to graduate. I mean not stop in the middle of it. It is hard to find people with all that on their mind about this. I sure got my fingers crossed for you though you do not need it.

When you said thing about Grad. I thought you were going to tell me some thing but you said that you will when I get back. You better make a note of that before you forget. But it is good that you don't say any thing because I saw a little made at her.

The first that got me that way ^{III}
is my brother graduated from
high school. Did I ~~can~~ ^{remember}
the night we had out ^{at graduation}. Really
got mad at her. I can tell you ^{why}
when I see you. The second
thing is that she has not
written for a long while.

Is that what you have to tell
me have something to do with
why she does not write. You better
not stop with writing. I will
write you a lot of good words
in a letter if you do. Every time
I get a letter you get me in return
so the more I get the more ^{more} you
will get.

Does March 1946 have any
thing to do with Pearl or your
graduation? I hope it's your
graduation if it's '45 it will be
hard to see you.

I can send a guess with you
St. Louis weather can get you
down at lot.

How is your home compared to St. Louis? ^{IV}

I hope you can get on the
Admiral. I remember last year
a bunch of boys went on it from
Wash. on D. We all came off
feeling pretty good. One of the
boys wanted to jump down 3 stories
at the house we landed in.
We gave him a cold shower &
it took two days to keep him in
bed. But I guess you will do not
do that's stuff.

I guess that's all for now.

I like your picture.

So would I see you which
is a long time even if it's to come.
May God watch over you.

With Love

Hop.

Keep smiling
