August 12,
Still England

Dearest -

I told you I still have
some of your letters & answer
well to night. I will answer the
two of Aug. 2.

The news around here
is very little. But we do have
a lot of good rumors going
around now. But the more you
talk about a rumor the more
it spreads.

I just got back from the
theatre & saw "Uncle Tom's Cabin".
I guess you have seen it by
now. We got to see this.
All we saw & got was the
war picture. Why don't they
send us some pictures with
girls & legs & stuff. That is
a hell of a lot better. What
do you say about that.

I got that card you sent with
the picture in it. I put that
picture in my writing portfolio.
So now you see that every
time I write a letter. I will
see you. Now you cannot
get out of my sight. As I write
a letter just about every day.
I got a picture of my daughter
in the mail that, and I
got a picture of my sister
Helen that. I got that other
picture of you in uniform in
a folder I carry with all
my pictures of the family. But
thank again for the picture.
I'll read with that ever
on it is hot. He reminds me
of the Canton they have.
Where did you get the idea
that your card is even. The
only mail that is even is mine.

So you consent all to picture
you like. And I sure would
like to see them bathing beauty.
I saw a gals back for the first
in riding time this girl was
washing in a pan near
the cap. She do not walk
around with little cloth on
her at home.

I will sure love to try
the horseback riding. As you
always say it is good. But
I need a good teacher. You
are your own teacher.

I think I will go over a week
my son before the place is closed.
They do not live here to much
water here. So they live to
close down a couple time a day.
In fact they do not live much
of any thing in this country.
Please write back if you
can wait.

Looking here I am again. Flash!
It's still light out & it's 10:30
not so good. I would like it
dark at 8:30 or 9 o'clock. Did
you ever get to a drive in
theatre were you sit in a car
& watch the pictures. we
few.

Will you write a letter
2. Do you know I get your
letters before. finally. What do
you have a special place
for them.

His letter is written in white
ink. That is the first time I have
seen that. Well, you have a
lot of fruit in your life. And I
will have to tell you about
them some day.

You said that you got formal
for a graduation in May. Is that
your graduation night? Now I
am afraid that is too soon for we
to be back from over here.
But then we can all about that
when April comes around.
But let's cross our fingers & pray a little.

I think I told you that I can not read
or hear but I can & understand.
And I have found a good town or
city to go to. The people are pretty
friendly. And the treat is very
nice.

You sure have been using
a lot of pictures. At the rate
you go you would think you
have been brought up in a
theater like I have. You know
I have a Grandfather & Uncle
in the theater. As you I got
my Uncle & dad in the same work.
This is Saturday night the
time I have a good time look
me over in a cap in England.
I have a lot better place
to be.

You are right about all
the kids or rather warriors
engaged in the service. It looks
like we will grow old together.
Without any delay. You can stop
laughing now. I see in our
paper that 10,000 Americans have
warmed away girls in the war.

It sure looks like you better
get a man fast. Do you love enough
baton the hook? Just kidding.

How about this for a joke?

Soldier: "You are awfully awfully
bad looking."

Lady: "You are awfully drunk."

Soldier: "Well lady you are always
drunk."

I got a couple of the best
quarries better & they quit
because they are not the best
kind.

I have your letters, Catherine
letters & I am not getting down
you are four letters a head of
me. I have been writing & keep
up with you.

They are playing "God Save the
King" in the radio now. So I
better close now too.

I hope you are all in good
health & happy.

I have you a lot & have
I got to return to.
I am missing you all.
All.
