Poz Day D-2

My Dearest Martha,

Well, here is the little boy still trying to make a catch up on the letters you write. I thought I had caught up with your letters but yesterday I got a letter & today I got another one. So you see I can really be busy you. But then I know that you are thinking of me if I get all this mail.

Now for a little news. The play place is still the same around here. I am waiting for you day. As I am flatter than a you cake. It looks like I never saw any money after the 15 of each month. But they say you are a good soldier if you have no money & are still happy and I am pretty happy. Because I got a lot of mail.

The weather has been good

to day. In fact it has been the 2.
best in 3 or 4 day. I was up to
the show late tonight so if I
stop in the middle of a thought
you will know why.

I got some coope's from my
mother & dad. Had I an eating
the now. So if you get a couple
coope's you know where they
are from.

I got a post card from you
yesterday with a picture of
Rich. Owen in it. I guess you
knew it came from Ind. I did
not know that Indianapolis
Indianapolis had such big
building. They will be getting
near S. J. Lewis room. I like
a lot for the card. I will pin it
up on the wall. You know how
sure I am of see that town
in city one of those days soon.

Now your letter I got with
those pictures in it. I will write
about the pictures later. As I
am trying to take some thing to say
about them.

I am like the paper you wrote 3.
your letter on. It looks like I
get a letter on a different kind of
paper each time you write to me.
Do all the boys get that much?

I know how it is when you do
not want to go back. Each time
I get a pass I hate to come back.
But I know how it would be
if I had a couple weeks off.
Don't get too many days off the
second week in Oct. But now
all hope is that I get enough
money & can not move before
I get it off. It will be just my
last lucky.

I am glad you got my pictures
and that you. And I read that
part in your letter about Overton.
How far can it be by his
looks. You should see what he
said. On second thought I better
now so I will not get the paper
but on kind of his words.
But he is a nice kid. I do not
see much of him now as he
has a new job.

To Thos. Shaw.

Back again.

The picture was "Christmas Holiday".
 I think you wrote me about it. Well,
 the picture was good & a change
 from the type she did make. But
 here is the best thing the picture
 was going along good. And if
 you remember it I'll tell
 you about this part. When she
 stays in the Lt. Room over night
 & ~~stands~~ ^{stays} & explain about the
 track. Well, the machine broke
 down & we could not see the
 rest of the picture. So I'll
 have to wait until I see it
 in town. So we had to hurry back
 to the barracks & talk to the
 boys who went to the first show.
 They explained it all to us. So now
 we are all happy. But I
 sure can not see how a guy
 could do any thing wrong with
 a wife like that. But now I
 will go to the picture. So let's get
 back to your letter.

I like the way you put it a talked about
drinking. But you are very right that
a drink once in a while will not hurt
any body. I do not think I will
drink New Year's Eve when I
do drink as you say. Because
I go to my Aunt's house. We have
been doing that for the last
20 years. I missed last year. But
I did get a mother's evening when I
do not have any family around.

I like the way you put the
I in italics (that is your spelling) in
your letter. You will have
to show me some new words. I
hope that you know some good
ones.

I do not think that Richard has got
in the way to much last summer.
For he had as much right to
go out with you as I did. And
you are a very beautiful girl. So I can
not blame him one bit. For he probably
thought I got in his way. Do you still
hear from him? But that is enough
about him now & some thing else.

I am sorry that I can not cry on
you should should about the army
but you see we are not a lot of help

what we are all like. But I guess we can have plenty of time to do that. But to be truthful I like the army a lot better than here than in the States. For it's not like I thought it would be when you can over seas.

I can see that given that best with you in the fashion & the power. Of course the present is not over but then I know it will be soon. With the Bureau on top. And as far as the dates. Well I want you to put them in your diary so I will not forget them. Put them under ~~Aug 2~~ Oct 13, your birthday, 1914. And you can forget about the money as I always had very little when I took you out. And I think we did have a pretty fair time. That Park will not move. We need I say my nose. And while I am on that subject I will have to see that thing of yours. Or maybe you have done a lot of thing. But I need to catch up on which I have gone. But it's lucky. I do not have one.

For I think about a lot of things. 1.
over here.

You said you were getting you
also sleep at home. But I
guess you are not with your
nose and at work at home (Haw).

I will close now. You not
getting my sleep trying to catch
up with all your letter. I will
try to answer ~~you~~ ~~the~~ ~~one~~
to you now. And I will wait
about the picture thing.
That night

My God watch over
you. With all my love

Yours
for
