Dearest Martha,

Yesterday was your birthday. I was all set to write you but some thing came up. And I did not feel like writing. But I hope that you had a nice day.

We had rain a lot of wind. It was sure a bad day. And to top it off it was also Friday the 13th.

This is the first chance that I had to write you since I got fast back from my furlough. I have been pretty busy at work. And I got a bad time getting back in to the old way, getting up early as when I was on furlough I sleep until I wake day.

I did see a lot of thing exactly
born in London. As I was there
for a couple days. I did not
stay long in any one place. I
guess the most important thing is the
Wax exhibited I saw in London.

I did go to a couple dances
& shows. I spent just about
all my money so I did not do & had.

Would you care visit here the
time before you would at home. But
once, ^{the} day gets so long. Well I would
go on with this for days but you
are not interested. But as long
as I do not have much to write about
I will tell you some things about
the Wax Exhibition.

The name is Madame Tussaud's
Exhibition. All the statues are
made out of wax. And the faces
& hands are so really that you
think the are real people.

They have a book with a list³
of all of the people's names. Most of
them are British Generals or
Admirals or Kings or Queens.
But they do have some people
like Queen Elizabeth & Napoleon
& the present King & Queens.

There are a lot of American
Presidents & Statesmen like Taft
& Roosevelt & Washington, Lincoln,
Franklin.

Then there is a group of literary
men like Shakespeare, Keats,
Shelley, Scott, Dickens, Milton &
that. Did you know a little about
each of these. I know you would
if you went to our High School.

They have statues of Campbell, the
speed King, Earhart, Lindbergh &
a lot of English poets.
also a group of stage & screen
stars like Chaplin, Marx, Romy

Davis, Tracy, Gault, Brewster.
Adm. Wm. G. H. S. ~~Adm. Wm.~~
Wm. like Turmen, I say, say,
Budge & Perry all of sports
~~same~~ for

they could not forget to tell
+ his Jany. Wussoline, Hers,
Romuel, Gowing & the others.
But the best part is the way they
are made. The hair looks like
it's going out of the head & every
thing is just right.

But the best part is the Chambers
of horrors. That's the place to
take a girl that got scared for.
They have a lot of pills & ways
of torture. They got all the old ways
of torture. It's really very
good, take one of the minerals
like this one. Of course you had
to do some things good to get in this
place. Like this can be called this

5

sweetheart, mother & 2 brothers
not ^{bad} for a start. on the
new the circumstances I suppose
there was no blood, they were
they had a woman buying from
a book which went through
her stomach. I hope that you
are not eating what you read
his. I am stoned to death & I
think I will close soon & get to
that food, as you know me.

I think in my last letter we of the
boys wrote something. You see that
was just a dream before I left
left for a week. Let me know
to write if one reader wanted
it. As I am getting very bad at
writing. I do not even want to
write now.

I am like the part in your
letter where you say that you
will put your hair up in braids.

And the reason you gave was
very good. Because I always
mess it up. and you are right
when you say that there is going
to be a lot of that.

You are saying, you think about
the Rail fence. Well that is the
place where all the Cleveland
people go. Cleveland is my school
and I was down there a lot. that
place is about 7 or 8 blocks from
my house. Now do you like that
park near there? If you have
not been in there you better
come out for me as I would
show you a lot of good spots.
and I think you know what I
mean. But you are right to
the way that you said. The
place is full of young birds. Well
just think all the boys from 18
up are gone to fight or write letters.

and when they get back the place?
will not be the same. So they will
take off to some other place. As you
see there are alot of begit & poor
stuff there. There are so many
things I could tell you about that
place but you would not be inter-
ested.

I am glad to hear that you
are doing good now. As I guess I
got a lot of new steps & know
when I get back, I keep on the ball.
So I need a good teacher.

Now there is a question I like to
ask you. Of course you do not
need to answer it. From what
country did your forefathers come
from?

I guess that is all in this letter.
I could tell you a lot more if
only I had you in my arms.
But until that day comes

take it easy in the ~~even~~ room at
home.

I hope that you are in good health
& happy.

With all my love
& many kisses
Ollie
