Dearest Martha,

Today is Sunday
which means nothing for
me. As I still got to work. I
had yesterday off.

I went to a football game
it was an American game.
It was O.K. but I like a game
with a lot of runs & a high
score. This one was a 6-0
score. The English can not
see how we can play a
game like that. They do not
like to tie out. You see in
their game they do not have
any tie out. And if a
man gets hurt. He is

just out of the game. And nobody^{2.}
replaces him.

I also saw the picture "Nittie
& his Song." It was art. but still
like a picture with a lot of
quib & leys songs. I just you
know what I mean. Of course
we could have a couple
good line series in it. That
is for you.

I got that cartoon you sent to
me about the election returns.
I sure like it. But I sent it to my
brother.

I see by your letter that you
said we had snow at home.
The paper over here shows us
the big snow they had at
home too. I sure like the

stuff. I like the new ball flight?
and the delirious. I think I told
you about the lot-she we
got at home. I hope Dad got a
chance to show you and give you
a rich one if

My brother is got a lot of money
where he is. As you know Farquhar
is near Sun Valley. I guess he will
have his share. But your brother
his is getting a run too I guess. What
does he have to say about it?

So you want to know about
my dancing. Well, this is giving away
a lot of track meat, on how
to get gals. First you have to know
the girl well. So Dad you will
have a lot to talk about.

Then you get a girl with that 4.
can not dance good a get me that
can dance very good. Now if you
get the one that can not dance you
can ~~get~~ ^{teach} her, if she gets on your
feet, that she needs some lessons. Of
course that does not work with
the ~~one~~ ^{one} who know how to dance.
When that happens & then you get
make a date, so she can go
you ~~teach~~ ^{is} lessons. That ~~is~~ ^{is}
so she is good looking. If she is
not you just get out of it in a
hurry. ~~is~~

But what you ~~you~~ need is
a good line. or a lot of talk. If
you keep talking then you can get
their mind off how bad you
dance. You need a lot of
stories ~~you~~ ^{so} you can tell her.

Now that you know that I guess⁵.
You will be up in all my things.
I can really not do good dances.
And it takes a while until I
get to know the girl that I can
get along with her. I do not
dance like the other people do.
I make up my own steps and then
as I go along. That is enough about
my dancing. How about your
dances?

So your greatest weakness is
Not to be satisfied with Peas.
Well, if you get one of those eat one
for me. As I have would
get like I have one of those
now. But I do not think that
you would be weighty by then
not eating.

You really sound mean to
me. When you start about

the beds & put the Alarm Clocks
away. It sounds a bad alarm
bunch. It ~~seems~~ sounds like
you have a bunch of good
commute. I would like to
meet them some day. The tell them
hello for me.

I am not the literary type. I
read books only because I had
to make book-reports. I guess I
will one of these days. That's when
I get old & stay in a lot. But now
I like to be in the garage doing
things.

Do you know that each day morning
I ring to you? I ring a bell not
night ~~even~~ ^{even} ~~long~~ you are." I
hope that's not to far. I hope &
I say that you have a nice
Christmas. With all my love
Ollie & I say to you.
