(But not in mind)

Dearest Martha,

I know I should of written before this but I just could not find any time. I meant to write before but things just came up.

This is a box starting Thursday night and ending Friday night. I did not do so much but I did see a couple pictures which were very old. The one was of William & the other was a Nye - Cosby picture the record & some thing. I forgot. I got sick in my pass & did not have a good time.

This is not the kind of letter I should write some body you like. But I just do not feel in the mood & write the kind of letter I would like to. I am getting a little home sick now. For what reason I should get home sick now I do not know. I guess with new years Eve coming I get like Dad. Of course it does not feel like a new year is coming. Well, then it did not feel like Christmas & much. I did have a nice Christmas but it was still not like the ones at home. And I guess you know what I mean.

I got a letter here from you with 15
 fine (not that 5 pages) pages in it. I do not
 think that I could equal all that
 in night, but I can try.

I still got 3 boxes of cards & coasters
 and I got about 5 of them. You said I
 should keep my packages until Christmas
 and then they had to be sent to you. And
 if they had mine some other place would have
 them. This way I get them.

It is too bad that you cannot see the
 moon. We are having a nice big full
 moon now. How do you like this for a
 setting? I was never one for things like this
 but I can try.

We are having heavy frost & a little snow
 over here now. Just about everything is
 covered white. And you know how that is
 when the trees are weighed down with snow.
 Will you put the bright moon on the picture.
 And it really shows & makes on the picture snow.
 It is really pretty. Of course the moon is not
 white but yellow as the snow is much whiter
 than the moon.

You always write me about the Rayless
 & a full moon. Well, how about this of course
 you need a lot of imagination with this.
 You are up with and it is pretty cold. You
 got the road now you love & you are very

3.

happy. You are in a sled with a horse pulling
it back all the bells ringing. The air is very
clear & clean. So that the bells put sound all
over the place. You are going to your house
for a week as it is your honeymoon. So you
love to be happy. The snow is piled high
on each side of the road like it was made
just so you & him to get in so for nobody
to come to see you that all that week.

The full moon is out over the snow in
road. So that you could hardly see your way.
You love you are ~~there~~ through the and
a big ring over both of you. So that you must
miss the cold wind. And then the first time
to you & see the moon beams dancing in your
eyes. Then he knows he loves you. And then
you get to the cabin a house.

I hope you were not scared away to much.
If not & you still want the next chapter just
send the top of two bucks & all your love.
And you say get the second chapter. Will he
get her in his arms or not? You better
be very. Put all kidding aside. I will be
love you like and one night with that
full moon. I hope that you do not get
in to any trouble. Like the last one &
you got the towel in the wash basin.

So you think I would look good with the
pyjama. Well, I always did like to have one
in my mouth. I do not know why. I guess

it is just like a gun. But I just like to have a
pipe. But it would look too silly to have
a pipe & not smoke it.

I sure hope you got home for Christmas or
new years as I know what it is I not get
home for Christmas or New years yet. I
will pray for it tonight.

So you are going to bring Dad Police man
with you when I'm. Well I can not blame you.
You could get a pair of new plays. And
then you can smile & look happy. But at
the same time you can not blame me.

Well, Martha I guess Dad does it
for I might. I want more than I thought
I would. As I do not feel good at all.
The doctor will not love me about 4 to
5 pounds.

I hope you are in better health
& happy. And may I get a kiss for each
time you think about me.

With all my heart & love

Bob.

P.S. You said you this about children
How is this?
