Dearest Martha,

I have used every way I know to start a letter so I just do not know how to start this one.

I have started with the weather. It is warmer & we get to see the sun now & then. But we get rain just about every day. But as a whole it is good.

I got see the flat sun in yesterday. By that I mean I got 4 letters from my Brother - a letter from two other boys I know in high school. They both are in the Navy one in Pa. the other Great Lakes. So I got 6 letters from the Navy out of 13 letters I got not bad.

I am trying to think if you met one of the boys. He had a black couple & a white I think. But maybe we did not go out then. Oh well, he is a well ~~good~~ guy to know. He is engaged to a girl that he knew for 5 years. But when I read he was engaged I just about felt over. I never thought he do any thing like

But I guess a lot of them
will be engaged & married when
I get back.

My cake time I got a letter from
my boy & girl at home they tell me somebody
did it. The one girl I know in Regt. about
now is going to have a child, fort.

My brother is in Mississippi now from
what I can read. And he is going
to Quaker master school. And going
with.

Mother sent me a can of Baker Beans.
I just eat them with corn tea &
bread, jelly grape, and potatoes & yes. I
had to get a full from home. I come
the bread & tea we get in town but
the rest come from home. I am
full now. Since you get me hungry
about the food you eat I am just
getting over. We are going to have
steak for dinner. Well, I think I
will stay in the Army another 2 years.
Yesterday was two years in the
Army for me. And 4 months over
here. The two years do not seem long,

3.

But when I think of all the things I could
of done it looks very long.

I got 2 letters from you and I
read while I was eating supper.
And the other while I was in bed just
before I went to sleep. I like to know
I thought about you all night.

I never did when I am so many
love scenes. I like to do the stuff
myself. Why all other people do very
thing that you could easily easily
do.

I have not went to a dance in a
long time so I doubt if I still know
how to. I will just say I need a tutor.

This is a short letter because I
have to get me sleep now. as I
on very tired I will answer your
letter in a day or so.

Hope that this letter finds
you in good health and do. well
I am writing all my thoughts are
with you
I like.
