My Dear Martha,

I am really hanging my head
in shame. As you know I have not been writing
to you a lot. Well, you are about 10 letters
a head of me. So there for I owe you ^{ten} letters.
I do not know when you will get them but
I will try to put them in the mail as soon
as I can.

Your letters are really grand & to miss
one of them is like missing your day. and I
guess you know how that is. But I am glad
to say that your letters come a little better
than your day. Look here it is just the 30
of the month and I am talking about
money.

I have been a busy boy & day as I wrote
a lot of letters. I wrote to my mother &
mother & dad. also one of my aunts &
a boy I know in the Infantry. So you see
I am on the ball. But I wrote the last
to you. I always do that when I am writing
our doing some thing.

We had a great day in the afternoon.
The rain came out & the sky got clear.
So I think we may have a little spring
now. at least I hope so. But we still
get the rain in the morning.

My watch is not working good at all
once in a while. and I do not know what
does it. So you may not know I do not

have to wind it up. If I move my arm it goes. And it has not stopped in 2 years. But now it got to stop once in a while I guess it is getting tired. I better have some body look at it.

I sure wish I could write a nice letter like you can. I think we want to take you in my arms and hold you so close. If only I had you here to do it. The only thing is that I did not get to know you better before I left home. They had a very busy time by letter showing you to me. And then rushing us away. What could I meet you on better grounds. But then the short time I had with you. That all gets me so mad. Those nights in the park were so good that even this I think I was just dreaming that. And it never happen.

You asked me what kind of bedtime stories I would like to hear. I, the ones you wrote about. Or even a lot what we could do if I was at home. I am just night dreaming now. As it is ^{not} day time so I got to just night.

This may not be a good question. But you said I've got to. What would you like me to get you for your graduation gift. Now I want you to be truthful & tell me what was the first time you had in your mind. I may not be able to get it for you so if you have some thing else just write

But Dr. Co. I would like to have a letter about it. It is so bad you do not have the moon light nights in St. Louis. I guess the moon just follows me around as I need it with me. Boy with a line like that I should do good. But I do not.

God writes me that there are a lot of wolves at Pine. And I guess it is pretty hard at Pine now. With a lot of the boys you know over seas are at the other end of the country.

Since I wrote you once about some railroad soldier you do not say much about the states you have. I know you ~~must~~ must know some. Or you are getting pretty busy if you do not have any states. I would like to hear about some of the better ones. But if you do not mind. But the studies may keep you in. I hope it would be. And I go to school again.

You are telling me about a new song. "I mean of you - more than you ever been I do." I think I heard it once but as not more I will keep a keener ear open of it. Of course, I will have to put some thing in the other ear so it will stop in the middle as there is a stream through the place.

It is so bad about you being 2 of your patients! I hope you

It

have a little better luck with
the next ones.

My Grandmother went to the hospital.
The letter said nothing was a week ago.
Today she is out again. Now I could
not tell you how long she stayed there
but she was in there. The nurse is coming
over all night long. She would go to the
Lithuan Hospital so they could get the
great nurse & make milder weather
the job case as you call it.

She really helps me over
the long days. I could never tell you
how much your letters mean if I was
to write you about it. Thank you
the bottom of my heart.

The words I love you are getting so
old. So I will use 'as ever yours'. For
I will be yours for ever if you still
want an old lady man. But do not wait
so long for him. And I am not kidding.
I will try to write you tomorrow if
I find time. So until then keep in good
health & happy.

As ever yours
