England

Sweetheart,

I miss you & miss looking at you.
I know I would not do that for long
as I would take you in ~~my~~ ^{my} arms &
give you a big kiss that I have
be saving up for you.

I know that this is not a way
to start of a letter but I put that
the end if I did not feel so good.
I really feel like — well really good.
I guess it is because of some of the
things I have been doing about you.
To start it off I will have to start from
the beginning. Which is always the
best place to start from.

I had a life book. I guess you
saw that they are like books &
Pic! Well this one of Dec. 11th, I think,
was really good you see it had pictures
of girls! You do not get it wrong that
I put my girls but special ones. You see
the girls are from Webster's Girls. No.
And I guess you know that is near home.
Well the girls were about 18-19. And
they showed the clothes they wear. Just

To
about an other American girl. so
it made me think of you & the times you
were things like that. and that is
the way I think of you. I guess you
want to know just what they had
and well nothing too new. They had
a sweater & shirt & saddle on. Just like
the one you wear every day. But
something I have not seen in a long
time. And sure would like it. The girls they
not smoke or drink or put so much
stuff on their face or try to act so old.
Just out to have a good time with
every body. One girl that you can ride away
with. When you have to push the car
to get it started then you put so many
in it that you can not see. Because
I like to dress like I want to. And
that is, well it is hard to tell you, but a
shirt & tie a pair of pants, of course
but if they are not pressed or not
a pair of easy shoes, the brown & white
kind if possible. And the girl dresses like you
did on one of our dates with black
& a sweater. I guess many be I am talking
a little out of this world. But I
not want to see the girls all dressed
up waiting for him. But I guess you

25

Can have a good time. And so that you
feel easy but that some thing is going to
break any second. I guess this is all that
was dreaming. So you better put it in
your pipe. Tell me what you talk think
about it.

Say talking about pipe. That's what
I got in my mouth now. As I like &
have one when I want a little.

News: I had expected my off. So I went
to the shore & saw the picture Rainbow
Island. One of the South Sea Island
pictures. With a the girls & legs & the
dances. I saw like some of those things.
They wear you know what I mean.
Did you see the pictures?

Wednesday I went to a dance. And
didn't have a good time. You need
a crowd of boys & girls at a dance
to have a good time. So I hope that
I still know how to dance when I
get home. So I can go out with the one
of my boy friends for didn't meet
him at all. But I hope you will come
of those days.

I got one of your very nice letters
again today. I never seem to catch
up with you. But one of Friday I
will have been writing every day

I can & that is the truth.

This one is when you come back from the vacation you had at home. And it sure sounds like you had a good one. But I would like to know more about the things you did.

I see that they keep the Christmas past present for you. And you made me hungry again. Get by telling me what you had to eat, Christmas. If you see water spots you know it is from me, not the mirror.

It looks like you & my mind were in the same track. As I had a cold New Year Eve & was in bed at the new year. And I guess you can remember where you was. In the same place. What do you say this, of a Sunday to gether in some thing like that.

You told me about the boys you meet on the train coming to St. Louis. So I will enclose my answer to Dad in letter. It is the cartoon.

How is your diary? You always said that you would let me read it. Can I still do that?

As I guess that is all far & long. I will write you tomorrow if we do not have too much to do. I love you very much and I want to see you more than ever out. That is what the lights are going to show like this. I love you & I love you.
