Sunday.

My Dearest,

I am here again.
And I should think you have
been getting tired of all
this by this time. I would
like to see the answer
to that. But if you got like
I am you are just living
from one letter to the other
and I really like being
your.

Today the weather is very
nice. And the sun is out
the sky is clear & the air
is very warm. You need
no coat or sweater. It is
just the kind of day you
would like to take your
girl out for a walk.

It is to bad to not have 2.
a quilt to take out of a
walk. I will be sewing
all these days for you.

If this was Easter or Palm
Sunday you could not wait
it any better. It is just
right as you can show off
your brown dress or ulster
before you show off. In other
words it is really great.

I went to the show yester-
day & saw a British pict-
ure. It was a story in a
restless. He is going to
be dying. He loves her &
she loves him just a lot of
love. Say that is the name of
it "The Story". With the guy
gets sick & they never tell
what happens to her. So
after 9 days my bed what
no I could go to sleep

on it & told it home. I was O.K.
that last part was added
& I told you that a lot of
the women argued. I forgot
some other girl tried to get
him. But she never made
a move.

I got this paper off one
of the laps not is good. I
have some other stuff
would like you to see.

As it was Sunday I went
to church not pasted. And
I got a program of it I
will send you soon. So
longer.

So you do not go for St. Louis
weather. Well, they tell us if
you can stand St. Louis you
can live any place. Do you think
that is right.

See that Frankie's
going over with you I
guess I better start taking

up-rising. So I can get under
your window, not with a
force like mine I will sure
need a lot of lessons. On a
good helmet & keep the
off my head. You can put
your own words in the blank.

I am glad you find my pen no
fudge shadow. But I did
not feel it. I guess I better
eat my own & get all the
weight myself.

about my dreams well.
I guess I better get brave
as I can tell you then my-
self. So I should like that
letter. You know the
rank & that room you always
write about. D. J. 179.

I read you the bracelet for
Christmas with out thinking
much. So I for get that
you can not wear jewelry

So I hope you will please for
give me. You leave it to a
fool like me & mess the
works up. But that is why I
would like you to write
me about graduation. Just
give me a rough idea.
Please for give me.

We had fresh eggs for
breakfast 5 days. Now that
is the 3rd time in a row. Some-
thing new for happen & come today
as we never had that
before. I had 3 that makes
19 in 3 days.

For dinner we had
roast beef until I eat until
I couldn't more. We had
peaches for desert. So I
got the idea of a cane cream,
and it really hit the spot.
now I am off.

Well I guess that is just
about all for today.

We love and just about all⁶
the words we know of tell
each other how much we
love & miss each other. So I
guess I'd leave no letter
to say I did miss you & wish
I was with you.

From one who loves
of the one he loves.

I love & say to
you.
