My Dearest Martha,

It has been some  
time since I heard from you almost  
a week. But I will not get mad  
this time and will just <sup>write</sup> here saying  
that I will get a letter to you now.  
But I think that it is lucky you  
did not send me one around this  
time as we are pretty busy and I  
would not have time for a long letter.  
That is why this one will be short. I  
just do not have time to write you  
a long letter.

I just heard that one of the boys I  
played football with is a Lieutenant  
in the Infantry now. He has just been  
at Fort Benning, Ga. about 6 months. They  
have ~~there~~ made him one fast. I think  
we went out with him once. He is  
a well built boy but I guess you best  
remember him. Well that is not the  
only one who will be an officer. I will  
be left soon. But I guess I can  
not see as I had my chance at  
Washington D. and I fixed that up then.

But you do not want to hear about  
so we will go to the weather.  
Weather is a lot better than  
we had at this time last year.  
We did not have any rain for  
a good 2 weeks & that is a record  
for this time of the year. The dappan  
getting lighter now as it is light until  
9:30. Say if I ever repeat any thing in  
the letters I write you I hope you will  
forgive me. But since I write to  
my mother or dad and my brother every  
day I get mixed up as to just what  
I should write.  
I hope to take a few lines off  
I might see a picture as soon as  
I finish this note to you. It is "Strike  
Up the Band". Did you see it?  
I wish I had you in my arms  
now. I do not have a big room  
I hope it but we can do without  
that. I was just thinking how you would  
look & when I will see you when  
I get home. I always thought of  
you in the hospital every night &  
do not feel dreaming you a lot but  
I shall miss you a lot. I shall  
miss you more & more.
