My Dearest Martha,

I have not written to you in ~~at~~
about 5 days so I guess I will get hell very soon.
But I really have been busy. I had a passaro
I was away from camp.

I will tell you what happen yesterday. I went
to work at 8 o'clock at 4 o'clock I would tell
that I had to work for a party a dance we
was going to have. I wrote you once before
that we had one week this is one thing
like it. We are to have one every month. I knew
that we were going to work that night but
I never thought at 4 o'clock as last time it
was 6 o'clock.

We started to work at 4 o'clock and got
finished at 1 P.M. so I did not have time to
write you yesterday. All the other boys got
the morning off to sleep. But we had to go to
work. What a life.

Sunday, I had off didn't do much in
fact I could not tell you any thing interesting
around it.

Sat night I did go to a show, I forgot the
title of the picture but I think it had Jack
in it and there was a lot of songs &
dancing in it. And no war was in the picture
and that is what is good.

So Dad is just about all I could write 2.
You about the mud end. I did get a very
nice long letter from you with a flag I
shall put that flag with your picture I
got.

We are having some very very good weather.
In fact it is about spring if it stays the way.
It has not rained in about 3 weeks now.
and the ground is getting very dry. I guess
they will turn off the water in here because
it will be getting low.

I write you in my last letter that my
cousin Wife had a boy at Lutheran Hospital.
well I got a letter from mother saying that
you should my cousin Jane in the room. and
you also write about it in this letter. So I
guess you can disregard that last letter.

I like that beginning, "Hi Precious" You rest
that good. You better stop saying that kind words.
and you will love me crying.

I hope I hear some more about your sister
the nurses. Did we pass a girl in? I am with
you I do not think the nurse is any place
for a woman. of course it is a very hard
and I see and talk to a nurse as they are
the only Americans girls we get to talk to. But
your family really goes for the nurse. I wish
I could see them in the room myself. But I

might not be writing to you now. As I do
boys I went in with one home hunt. On being
some boys fighting now.

I hope I would like to read that I am
your one of these days. But I guess I better
not as I am just telling you what the first
night was. He is very fast. as we just stayed
at the shore boat a few days. and he had
me out with a pair of me. I hate to read the best.

You said that you can only love once. I
would like to know how you get that
idea. It may be true for all I know. But
you do more. This former you may get used to it
may be bad. So I will not say anything if
you do not answer it. But can you
be sure I am the only one there?

So you really like this first a car then again.
Well I am not like that. I love you. I don't
last. As I always like to read the good
things last. It is just like eating I love
it all last. That is why when I get a
lot of your letters, say I can't wait. I will
I don't wait about a week for me
to read. Well then I read it first as
I can. I will see if you still care for me.

My brother is in the hospital now. He is doing good
did not tell you before. He is doing good
in school. And he says it is boring. But
he does like his Wednesday is when he relaxes.

In one of my letters to mother I was told that
is about the party they had at the home
for Ray. We got around 8 you. And she
like your shape & figure. I think I told you
about the way they like you. But this is
the first time she told me that. And she
does not tell me that often in fact it is
the first time I know about it. You should
get a seat on the back row.

I am afraid that's all. The nurse
just do not seem to care out of day. I
guess they will see after day.

I still miss you but I get so used
not miss you. What can I call you up to
night for a date. And get this uniform
off. You see I am not as good
wood. So I better close.

All my love & very kind
H. P.
