Pay Day

Dear Mary,

I give without much to say you
know this is pay day as is the last day
of the month. I guess it is a day that you
look forward to a bit. But since you
are not in the service you would not know
about it. But if you do get in, and I hope
you do not you also will be looking
forward to this day.

Last night I went to town & saw
Betty Davis in a picture. I got the
name but I didn't tell you the story and
maybe you will know it then, the name
I mean.

The wife is much in love with
Betty. But as she is not a very good friend
Betty do not marry him. Then Betty gets
a young boy about 17 years younger. Betty is
just about ready to marry him. When she
finds out that the wife's daughter is in love
with the young man. So she gives him
up. And the wife & Betty end up all

maids. Not bad.

I never did like better when I was at
high school. Because I could just wonder
about the story but from that time I
can remember she is a good actress.

To night I would like to see "Winged Victory".
I would surely pay if I do. But that will
be Monday.

Yes, I have known of a since
it's Easter I think I better go to church.
I went to my first English Church last
Easter. And since I did not go to church since
Sunday yesterday I better go today for sure.

Monday I start to school. I got to
school at 7:15 for 2 hours on every Monday.
It's about all right and I will write you
more when I find out.

Well, now I am very much looking after of
Feb 25. It's old but it's still good. And
I'll have a lot of your letters & answers.
I will do them when I find the time?

I never will give you full for now
writes. As I know you are always
busy. I just have to get going now
better for not getting

my letter through from you. And 3.
never I can not do it to the people.
I don't do you. I don't should not do it
it's done and I can not change it now.
I hope you will forgive me.

I never heard of none of the songs you
sent me. Like you always had the
one you love "A Little on the Lonely Road"
& Saturday night is the loneliest night of
the week.

I did hear one went called I think that
I write you about it. The cup all over
here like it. Keep writing the song to
me as I can look a letter to them.

So you took Solid Geometry. Well, I did
not get it that. My brother took it, but
I skipped a year of math at school. So I
did not take Solid Geometry and Algebra
I did take Trig. which I had a little
trouble with.

They are playing a match on the radio.
It seems takes me back to the football
games. When you would have a band
marching up & down the field. Did you
ever have that?

your about? that is really making me
have me. I am would like to play
a little football with the boys. And then
Don think one is in Philadelphia, two other with
the women. One in the Infirmary a lot at home
now I think. And two in Germany now. It
looks like we shall never get together.
Don't mind me I told you I was a little
home sick.

We ~~had~~ better call it from as I stay
saying. They ~~they~~ just played a good morning
"His my day."

I love you very much. You are so good
to me as you write so much. I will
never be able to repay it. I think I have
been to like you more though you
leave than I did while I was at home.
And if they should stop. I would
feel lost. Please don't.

Miss you & hope for
we can see each other soon.

Love & my prayers
A. J.
