Dearest Martha,

I am pretty tired
and therefore this will be a short
letter. I had you had a good
had a pretty nice time. But
since I just got out of electric school
I am tired & about to go to bed but
I thought I'd I would drop
you a line to tell you I still
think of you.

I saw a very good picture
while I was on plane Saturday.
It was "Crying to Remember." I think
you must have seen it but you
have seen it so I guess you do
not then need to know about it.

Saturday night I had a wish
& I wish it would come true. It
was I wish that I would
know you better than I did
before I left home. I know not
know you well though

letters. But can I saw you
a lot. But since that is impossible
this is a good way. Anyway it will
be better to know you when I get
into the army if I do get out.

I am hope that you do not
get in it. And which we are
on that subject. And I guess if you
do get in it must be after they graduation.
I would like to put this above. Indeed
letter he said that mother - he
would be very glad to come to your
graduation. But I know I would
say that before I wrote them.
As they think a lot about you.

We had cold weather today,
and I start it off. But now it is ok.
and we have a lot of sunshine
in the afternoon. No rain for the
last two days. I guess it means
no May flowers.

A Sam rat that I much me
to make I would go to your letter.

I can see that you are in night³.
But as this letter has just been early
than I it.

And I do not like the 50 thousand
miles away. I am far away but
is true but not that far. I am
about 4 thousand not 50. I may
never see that way for it is best
me. But it is not ~~unlike~~ unless my
schooling is pretty wrong.

The papers all over there & radio
are talking about sending the bay to
the South Seas right after it is over.
Then I must be that 50 thousand.
I wonder how a Sun Tan will
look for Christmas.

Could you tell me a little more about
your sister Mary Ann. I wonder
you see her? And when is she going?

No, I can not see you in a grass skirt.
But I will always remember you
in those sweaters & the way you
looked one of those nights. I am
really thinking of night. You

could not get away from me easily & ⁴
night. For I am all alone in the
shop were I work and I can
now tell you it is quiet and I
guess the only noise you would
hear would be the one I hear.

Well as it is getting late I
better close. I am ^{am} really thinking
about you. I guess you were one
of the boys I know you go home. For
I wish I could see places. But
he has been over here 3 years.
and he wants to go home. A lady
of the boy as named over here. I
know they must not go. But he
lost his job. So a lady called
married her. I hope like you
can not leave the woman a man
out of your right long.

I love you & miss you a lot
I play with our meeting
to very near
