My Dear Marty,

Well I guess you know what
day it is so I will have to say little
more about it. I am not as happy as I
thought I would be when it came.
But I should be. I guess it is because
of the article I read & I will enclose
it in this letter so you can read it.

I wrote a letter to you yesterday but
got it in front of me now. And I don't
know whether I should mail it. But
of what I wrote in it. I told you about
got a rather big friend and it will be 2
more years before I get to come home. So
you might just as well get a rather one
a new one or an old one, like the one
in Italy. As he may be home soon and
I will not. But that was all before
the war was over now that it is. I
have changed a little. I would like to
keep things just like they are. But
I can not hold you & any thing you
said or wrote. As you may find some
body else, and 2 years is a long time.

I went to town last night as I knew they would not leave us out of camp for which after it is over. Well I am glad I went as we got 48 hours in camp now & VE is on.

The people were all pretty happy yesterday. They all had a lot of flags and bunting. They are all going in now. I mean right at the back of their houses if they can get back to their houses if they get in still. You see a lot of the people I know moved out of London when they started bombing and that was 4 years or more ago. They are sure happy that they can come back again.

We are I have been in the post & my lot. But I don't think I will go far. But don't mind of that I have little to write you.

So you are in the Det kitchen now. Well I guess you should get more & eat now. At least I would not stand about. They are on ration food 10% & feed the other people only here.

So Mark is a good guy. Will you have some beer now. So I will have & meet him very soon. Let's

I said I'm well let him about 1947
and we can have that double date
And he got some good jokes. Well, I could
tell him a lot about things & jokes my-
self.

I am glad to hear that your mother
& sister & brother are going to your great-
nation's wedding & say I would like
to be there too. But I'm sure you
had a good time. and that you had
all the luck & happiness that should
be with you in the years to come.
And am glad to see that you are going
home. and I hope that's where you stay.
Well, until you come to P. R. again.
Be sure that mother & dad good bye.
as they are would like you & would
like to see you.

I'm in good health & happy.
just waiting to see you.
Love & love of
it.
Hap.

Rotation Home Set After 40 Months

In order to give U.K.-based troops who have been longest overseas a greater opportunity to get home, length of service abroad making a soldier eligible for 2 furlough in the U.S. has been raised from 30 to 40 months, U.K. Base HQ announced yesterday. A drawing under the new set-up will be held later this month.

To circumvent the possibility of the U.K. allotment not being filled, unit commanders will submit the names of EMs and officers with 36 months' service or more to G1.
