

March 18, 1946
St. Louis

Dearest,

I just received your first letter and it was good to hear from you. It sure is a surprise to read a letter from you as it has been a long time.

Dad wanted to know who Butch was so you think I should tell him? And Mother had to laugh at the j. i. underlined in the address. She told Dad that it would learn him a lesson.

Saturday after you asked I went to the Headquarters and then home. Had a shop, in fact that is all I have been doing since you left St. Louis. We had supper and Dad & I went out & work at the ice show. We started packing the show up when we had some time. And by the time for the last act. They had 2 truck loads of stuff. We had all the stuff down and just about on the truck at 2 o'clock in the morning.

Then they sent me over & help
dad as he was taking down
the lights over the ice they had
& let the cable down from the
sides. They, the people with the show
finally got tired of waiting at
2:30 and went to the train for
Chicago. The lights and the front
of the tent set, went to Kansas
City. That always goes ahead
of the rest show.

We got done about 4:30 P.M. and
did not get in bed until 5:15 A.M. as
we stayed off for food.

We stayed off for Sunday
I did get up in time for Sunday
school the same day. And I
see a lot of new boys just back
from the service. We had an old thing
about places.

I came home and sleep all day until
supper and then go ahead and
eat chicken and went out with
the family to the Grandmother's
house. We did not stay late as
dad was tired.

Today I got up at 11 AM after about 12 hours sleep. I told you I have been getting enough sleep. I guess you have this week also.

Today I went down town & paid for my unemployment money. If I do not work fast week I will get 20 dollars if I don't make 20 dollars a week. But I don't think I will need it.

So here I might meet here waiting letter. As I got 2 from Ray today.

I really miss you & stay more than any other day. I guess because I was not a sleep most of the day. You would be out of town. I don't have this week when I don't have much to do. And we could of seen each other a lot this & also next week.

There is to be a pretty big show at the American the week of March 31st. About the same time you will be back.

I have been writing this letter for
the last 2 hours. I told you I can
not mind of a writer.

I hope you will have a good
time while at home. I told mother
that I should come up to Indiana-
polis. Does you think I should
have much to do. Mother
thinks I should. I would be a surprise.
What do you think?

I told you of a girl about Richard
and if I have much more
about it I will be getting mad.
Let's just drop it all.

You should see that I'll be
a good time at home. You better
have a good time at home.

I am glad when your family was
not made you staying here
in St. Louis. I guess I will be
some more about soon.

Let's close now as I have
to write Ray. Love you very much
and miss you
