St. Louis.

My Dearest,

This will be a short letter. You see Nick is coming over and we are going out. I think we will go to the Harrison Theatre where we can get in free. I might start saving money now. Last night, Nick & I went out also, but this time we went to the old stag place. I will leave you guess. It was Nick idea as I wanted to go to the spot man how before seeing Fore Gish, but we did not.

I have too letters to write to you so I told mother to wake me up early so I can write you & Ray. I could not write you today as I was working. I went to the opera & clear some place where they can put some new lumber that is just coming in.

Mother just gave me the new stamp that's on this letter. She said that

you that since you are not here, that
I should tell you I am going to Texas.

We are really having nice weather
here and tomorrow is spring. They
say it is to be pretty warm to-morrow.
Oh yes! Nick's birthday is Sat.

So we may go out that night.
I will write you more about that
if any thing happens. I wish you
were here so we can really
go out & have a good time?

I went over to see Ray's quilt as she
is giving back his bracelet. I wish that
you what she has to say later as
it is getting late now.

I got a very nice letter from
you today and I will have to
write you about that. So until
then

Love always
Joe
