

MISS MARTHA DARROUGH,
1627 Hoyt Ave,
INDIANAPOLIS, (3)
INDIANA.

March 21, 1946
Thursday

Dearest Darling,

I have been missing you
a lot. I sure wish you would
come back soon. And the sooner
the better. I do not want you to
leave home before you should but I
sure wish you were here. I guess
when you do get here I will have
to work nights and then I will have
a job at the American. Well, that
is enough of that.

I went to see Ray's girls. I wrote
you before she gave him back his
packet. She told me it was because
he drank so much which he was
at home. She told me that she
would never see him before again.

She said it was all because of his
drinking. Well, I don't think that's
true. You see if he really loved
her, he would not come. And
Ray's just drink like that when they
come home, I know. I heard he
had another friend. What do you
think?

Nick called up Tuesday night and he
& I went out. He wanted to go to
the Grand. So then we went.
I think the shows are getting worst.
After the show we went to "Carl's"
Bar as that was the only place
downtown that had beer. So we
had a couple beers. We finally
decided that we need our uniforms
when we go out. As we saw
3 sailors make their fast quick-ups
at the place. The top with that civilian
suit on never got any thing.
After the quick-ups we had some
thing to eat and then home to bed.
As I had to get up early Wed. I go to
the opera.

They had to clear some place for
the lumber that is coming in soon. I
dread that they will sail out there
about May 15. But I think it will
be for them. Well we shall see.
That was the first hard day
work I had in a while.
I came home that night and
Nick & I went to the Museum.

11

We might just as well save our
money as dad was working and
of course we went in to school.
Nick is to start Washington 2 April
first so I guess I will not see him
much at night. Any way I guess
you will keep me pretty busy.

I still can not get over how I had
very little to do this week & next
week! Just when you are not
in town.

Mother thought that yesterday letter
was very short. So I will have
to write you a long one tonight
that is if I don't run out of things
first.

I heard that Jackie is engaged to
the girl. I think her name is Dot.
I know he is going south to
his mother & grandmother & father down
there. Billy is also going down there.

One of my old class mates, but is left
over from England, came home from
from the South Pacific. And he wanted
me to go horse back riding some
day. maybe I should do I

know the back end from the
front. And since you will have
off early and we can outbursts
suffer.

The reason I am making all these
mistakes is because the radiation
and I never can write with a pen.

Jeanine and I was fighting on the
floor and she dug her gun on
my chest. And since it is so close to
day I had my shirt open. The gun went
after my chest and my chest and
it got in all my hair. Well, I was for
a couple of days. But not many left
for you. I am sure you would.

I have been on this letter 2 hours
now. And still I do not seem to
be a long letter. I have to go
to work as I have to go to the Grand
again to work. As they have a new
show. They go to the 4th. And this
next week. Nick said he was
here in Calif.

I see you write a lot of your letters
when you are on the floor. I wish
you were near me. But of course
you would not write much.

You are writing about the first night
you let me teased you. I will remember
that night. But I am glad that you
love me more now than before. I
know I have been falling more &
more in love with you.

I am glad to hear that I really get you
into position and I hope I do that. And
I would be the only one that will
do that. But if I never make
you happy I am no good for you. That
is one of the reasons I tell you & tell
me when you happy. So please never
lie to me about that. It's hard to tell
when you are completely happy as
you can with me.

you really did get me bad the night
you run your fingers over my body. I
was really in a bad way.

I better close now I can talk to
you better that I can write it. So I
will if you care me to when you
get here. Love with my heart
Hops.
