My dearest

A week ago tonight at this time I was watching the ice show - and had a wonderful time - I want to ask you about some things that happened that night that have been puzzling me - Reminded me to ask you about it when I see you.

Hummm - so you went to the "Grand"
Did they have a good show? (dig-dig.)

I got your second letter today and was really glad to get it -

I don't have much time to make much of a letter yet of this - Mother and I have been pretty busy today - and by the time I get my bath and get to bed I'll probably be half asleep -

Are they starting work on the operas already?

Seems pretty soon, doesn't it?

We're expecting you to come here within the next few days - please don't disappoint me -
Of course. if your work interferes - I guess

I'll have to wait until some other time - but I'd surely like to see you and so would the family.

Yes - I saw the Texas stamp and really began to wonder about it - so glad you explained it to me.

Wish Nick a happy birthday for me and I wish I could be there - Something tells me somebody's going to have a pretty good time.

I guess Raip's girl is really giving him up - I should talk to her and tell her that men like the Hoffmatters are few and far between - Oh well. Will find out sooner or later and it may be too late. She really seemed like a sweet kid, too.

There's not much news today because I'll be in the house most of the time - so I'd better sign off for this time - saying I love you so very much and please try to come down next week. I plan to leave Saturday evening @

6⁰⁰ p.m. - so maybe you could stay here
and go back with me then - and be
sure to let me know when you're coming

Eternally yours -

Dutch
