Dearest Darling ~

Since I didn't write yesterday - I'd like to write a long letter tonight - but I don't feel very well so it will be as long until I give up and go to bed.

Friday night after I wrote you - Mary Ann and I went skating and really had a good time. I didn't fall down once - but came pretty close to it several times.

Saturday afternoon Mary Ann and I went bike riding and in the evening she talked me into going to see "Maisie Goes Up" and I didn't feel well when I came in - so went right to bed. When I came in - I hope you understand.

Erwin Kasik sent any news yet so I don't suppose his reached Chicago yet. I surely wish something would happen soon. Maybe by the time I write my next letter I'll have some news for you. I only hope so - Can't stand it away from you much longer. But I'll be back as soon as possible.

My Cousin was here again this week end - What a kid!

I think I'll sleep late tomorrow - so that these 12 hours in between before the mail

man gets here won't seem so long. You'll
never know just how I like to hear from you -
it's almost like talking to you. It's been
~~was~~ three days now - Now don't get mad - because
I'm not griping - I know you don't like to
write letters - but because you mean so much
to me I'm sure that you can understand
why I'm anxiously awaiting the mail man
tomorrow.

I'm going to bed now - can't stand it any
longer -

But I'll be loving you always -
and God bless you - my darling -
Martha
