JEFFERSON BARRACKS
MISSOURI

Dear Martha:

I was very glad to get your long letter and it was very good. I am sorry I could not write before but I was at Forest Park were at 300 days from the barracks put ~~pen~~ on a bottle. on my pen ran out of ink in fact I had to use the body pen to address your letter. Boy did it get dark there and we had it time to write.

and lay off the picture the should of went with the Indians.

Say you are making the last days of your vacation very good with all that.

O.K. after that long talk on why you should not have breakfast in bed. I will not have breakfast in bed. But can I sleep late.

I should like the post about you eating lunch on horse back

I had to read that to my mother
we both die laughing.

I must see the picture "Hess to
hold" may be I can get some lessons
from him (Colton)

Say what is the matter with
you. You can not whistle in a
black out. But there is other things
you can do. ~~how~~ what say?

I am not in the writing mood
now as you can see.

But it will try so other time.

Love

7-5-92.
