Dear Martha,

Well I will thank you very much for the birthday card.

Well I might as well give you the news we have here. It looks like we are to move again. The talk has been going around that we are to take a 5 day train ride. So that looks like the end to me. We are to go Overseas very soon too. We got all new clothing and that is a sure sign of going over. Oh well some body has to fight and I had such a good time in the army and being at home all the time too.

Talking about home I want to thank you again for going out with me all the time. Boy that was the life because not very many people put up with me.

I do not have much to say. Calif is still the same. We have run China.

O H!! I went to Riverside the town about 15 miles away. It is a nice town but not like St. Louis for soldiers. The place is dead about 10:00 A.M. They have a couple of shows and a few ~~theater~~ stories. But yesterday the second time I went to Riverside. I had a big surprise. I meet a girl that I graduated with and we had a good time talking over things & every body. She is here with her husband at Camp Hoarn. That was a surprise to me. But you do not want to know about that.

I saw a couple of picture sacks.

Iron Major; "Lassie Comes Home", "Cody take a Charge" and "Camp House". That picture "Lassie Comes Home" is a very good picture about a dog. Boy if you should have a dog you should see the picture.

I am sending you a Christmas present it is just a very small thing. But keep it "do not open." Please do not think you owe me one.

With Love

Rop.

P.S. Thanks for the card.
