April 11/944

Dearest Martha, say it looks like we are  
filling the boat just about every trip.  
We have been writing a lot to you. I guess  
because I love to hear from you. Your  
letters are sure a good whole help.

Today is April fool's day and how  
did you come out. I hope that nobody  
made so big of a fool out of you.  
They fix me up last night good.  
The boys took my sheet & blanket & made  
them short. So when I got in to bed  
my feet would not go down half of  
the way. I first I did not know  
just what was the matter. But  
I soon found out. The boy below  
we just about day died laughing.  
Well, I will get even. Every time I  
come in and find them sleeping on  
the bed. I wake them up. Or I could  
take string and tie the bed to the roof.  
So when he get in bed. The string will  
break and down will come bed & all.  
They do this like that when you are  
in the army.

2.  
I got a letter page  
a little of yours  
to equal to 20 I will  
have to fall the pages  
with some hope you will  
R.N. I eat a clipping out of  
the stars & stripes. About the army  
I thought you may like it.  
So you are becoming big about it. I am a senior  
nurse. I thought March 1944 is a long way  
he when I got home. That really doesn't  
seem so far away. The night of the show  
boat. I wrote you about the last letter.  
I really was not interested in the paper, but so you  
say the fresh air was a lot better. I do not rem-  
ember me from the air. I was dating a  
woman. I know you that I did I was  
I never tellis you that I was dating a  
I may know one at B. I was dating a  
never had a date with her.  
I never tried to get a date with her.  
to get a date with her.  
a nurse at the  
night time.  
I did it  
anyway.

But I thought that you and Dick were  
getting a long good then as so I did not  
want to cut a nother soldier. If I am right  
that was ~~went~~ when I first met you. But  
now if I get back and there is another  
soldier. Well he is going to have to give up  
a couple of nights to me.

Yes I do remember the letter I got to Wash-  
ington V. and the letter this that I wrote  
to answer yours.

So we know all the time that I lived in St.  
Louis I do not get to the Casa Roma once.  
I guess you will have to show me around.

Yesterday I was lucky I got 21 letters  
+ 9 boxes. And the day before I got 15 letters  
+ 3 boxes. So you see I can not say too many  
bad things about the mail of course it  
is not new but it gets here. Some time.

So you went down to the River.<sup>4</sup>  
They have a small river through  
the town we are in. The people call  
it a river I call it the backwash  
of a river. But they get mad when  
you tell them that. But I can  
just think of you & the Coast  
Guard. My brother is thinking  
about getting in that on the way.  
He did not like the man. I know  
what you are going to say.

So you know that it took me  
just about all day to write this.  
Started before dinner & then after  
dinner I got started again and one  
of the boys I know came  
back from the hospital. So I had  
to talk to him. I guess by the time  
I got ready for bed I will have  
this letter done.

I like the joke, I guess you call  
it, About the men in love.

5.  
But I had  
to have a boy  
to explain it to me.  
I guess I am pretty  
dumb. But I really go  
for you just. It is not  
as good as yours. The taste of  
the mess Sgt. who shouted. "Hey! go  
easy on that meat - those relatives aren't  
exp. I told you it would be late before  
I finish the other. In fact I want to  
mail room and got another letter from  
you so I better close now. I and  
have this to say to morrow. Love  
With Love you  
God watch over you  
P.S. I miss you a lot.
