Dearest Martha,

I have
this letter of yours to
answer. But to be
truthful with you I
do not know just
what to say. I will
stay to night and hope
to finish it tomorrow.

You see it's 10 o'clock now
and I do not know
how long these eyes will
stay open.

We are having a
good April day again.
With April Showers bring
May flowers. I guess we

2. Will
love her flowers
over her head
in about a month.
to have a big girl I love
and a girl some girl in it.
Chair for as the girl will I think
Go for Martha I don't want
her name is Martha I don't want
But I will have story now. and I got
red back to the right girl. the got
in the tin now. but that is all. I got
now I could get the story.
We had a mother old
army good old
I was their old
for a long time.

3.

I got the meat + potatoes put in the mess pail. Then they put the peaches right on top of the meat + potatoes. Well you should see that mess. You have probably seen pictures of that. But all the boys laughed at me. But when you are hungry you will eat it. I know one thing my wife do not have to be a good cook. I learned to eat any thing in the Army.

We are all to log to build a fire so here we sit around with coats on. All our wood is wet + it is hard trying to

start
just give with
before you have
not you have
I will say to my father. But
of March 26. That you have
lost Ang. 11. Well I was at
the show here in camp. And I
did not know what to do. I
letters on route. Father. The
we stop by to see a boy in the
hospital. Some things is wrong
with him. He told me
me for a while.
trying to
help him

some help. If they keep
you in the hospital longer
than you like to stay
you get mad at the people
& the place. So we tried
to help him out. He was
telling me about some
nurse he know at
home she is in Florida.
She had a couple pictures
of her roommates. They are
not bad. But one nurse
is enough for me. What
say?

So you saw a soldier
soldier that looked
like me. Well I could
some thing but it would
lead to blood shed.

6. I have
not seen that
any body
would choose
to go. you are right
it's really better to talk to
the family some times. I go again
wish I could say every good
word. But they say well at heart.
gripping. Soldier the weather
every soldier does that. Well at heart.
The way you talk the weather
must really change a lot.
I have never seen it change
in St. Louis. The night in 2 hours
I was just one hour down a
hill. here are a lot of top
Jefferson's were in
at me I did

not know many thing about St. Louis, so I had have learned since I left there. I got a lot of new address too & a lot of places to see.

I am glad I have got your thought. You are right you did ~~you~~ use plain words. I do not know just what to say. I think I told you some thing about that in a couple letters before. I think of you a lot on every day at that. I am sure you I really think of you alot & all the memories. I have some grand memories too.

8.
I hope I
can put
you on again
just what I mean.
I like you & miss you
a lot. I ~~can~~ ^{don't} dream
of getting home
I guess I better see you, and
we have a lot of really good things
to talk over. I had a good long
talk with my change nurse too.
I am trying to say is that a lot of
things may happen to us. 80
I will always be with you again.
I will always be about you,
and miss you.

I really go for that poem
of you. And I think I got
my two cents worth.
But one thing we are not
50,000 miles away but just
4,000 miles. That's far
but not too close. At least
my mind is over there once
a day.

I will close to night and
say ^{you} in with me.

The boys who sleep on this
bed want to go to sleep. So I
will close now it's 11:30.

Will write to you soon

With Love of home
& Miss's Hop.
