Dearest Martha,

I received your letter yesterday & was very glad to hear from you. It was a long time between your letters but I glad to see that you are getting along & hope that your grades are better now.

Things here are just about the same. But it looks like I will never get to finish that sentence I started a long time ago. How is your town coming now?

I saw the picture "This is the Army" again. I saw it back in the States to be right in the St. Louis. But it had some good songs & was very pretty to look at with all the colors. You know me I can never pose up a good picture.

I saw a fire engine yesterday the ^{II}
first one I saw since I have been
over here. They look funny & queer
it is because they do not paint
the truck red. You see red
is a Royal color. And any thing red
means that it belongs to the Royal
family. So they paint the engine gray.
They had a dance out side ^{you}

yesterday. It was 11 o'clock & still
very light out. Now if I could

take I suppose would try it.
I am listening to the radio & they

just played a very nice little song.
The man was Irish I could
hear in this little "What do you
think of that song? I wish it could
be true."

You are talking about the people
you know in University City. It
there is good to know some body
in the city. This city that I am
near is very dark. The place is
full of people but then what
are people if you do not know
them. I would give a lot to

meet some girl like you but 177
they do not come around very often.
I was thinking about you a lot
last night. I wonder if all the
dreams would come true.

You said that it is sorta lonesome
without you. Well just leave
off the sorta and just say very
lonesome without you. Did you
hit the mail on the head.
You are saying sure this about
a freight in the blackout. Well
when I get back, that is if I bring
do get back there will not be
any more blackout at least I think
there will not be. So what are we
going to do? Between you & me I
take a nice night with a
big whole man in the sky. And
a nice hay stack to lay on. What
say now? You are playing the Saint Louis
Blues now. Do you will have
to wait until I hear this. Be
right back. After that I need
a nice big shoulder to cry on.
Are you laughing now?

Before I forget I have my IV
address change again. The main
about the mail it is a lot. As you
should know. The only thing to
do is to leave out the 39 St. Louis, Mo.
and put in its place 1st Mobile R. & R.

The R & R stand for Repair & Rec-
ommendation.

Do you remember that first night
we had out. And when we - typical
in the park. I did not know if
you would get mad or not.
But I can see by your letter that
you glad I did. You see I know
I would not stay at B. all the
time as it was just a matter of
weeks before I would leave. That
is what I did not want to any time.

I guess I better end now
I stand at the end of my rope. That
is the same thing a man said before
the hung him.

I hope I can see you very
soon but until I can lots of
Love & kisses. I hope I can
get all those kisses some day.
