Dearest Martha,

I received your letter
Sunday but as I was on a pass
I did not get it until late Sunday
night. We came in about 2 o'clock
& found our beds all over the
floor mine was not but I
did have piece of cookies to eat
with all night make the bed
over. I made the bed over. I
read your letter that night after
I made the bed. I like to read
your letters before I go to sleep
so I can have some thing to
dream about. I read it by flash-
light.

Monday I did not get a chance
to write you so it is Tuesday
& here I am.

Today is my father's mother's
wedding Anniversary. I sure
wish I could have some thing

to write to them. I guess I was
never very good at expressing my-
self. I could never write very
good as you can see. I might
get by by talk but not writing.
You really open up the corn in
you last letter the whole page
is full of it. I can sure see the
hook to point off of it. But I
like to hear you good things
these people over there against
dead union it comes to paper.
I can see thought me of their picture
a funny one to a man laugh.
But they will kill them selves.
If it is 1 A.M. in St. Louis, the capital of the
world, it would be 8 A.M. here because
we are on double day light save-
ing time. So that makes 9 hours
between us. I guess I was just
starting work.
I did not see the pictures you
are talking about but I guess
I will see day.

So you are going to study up ^{the} ~~the~~ old techniques. Well
+ reactive the old techniques. Well
keep it's hay because I have a
lot to learn when I get back.
You know if you do not need a
good thing it will get cold. I get
rust all over me. I do not
know if the man shortage is bad
but the girl shortage is not so good.

So many of the girls over here
do not know how to kiss or
tilt the elbow as you call it.
Take this case:

I was out with one
of the few I know over here. We did
the same thing ~~go~~ to go to a show.
We did the usual thing when
you leave a girl. So on the way
back to camp, which is a little
long ride, I was talking over the
women we had. I said the girl

I had could not kiss at all.
I told him I know a nurse
that could just as good with
her hands tied behind her
& a piece in her mouth.

IV
a plug of tobacco to chew.
Say so you happen to know that
nurse? She writes me letters when
she is on night duty with a lot of
cosm in them. Will track to the
story. This boy tell this girl had
out. Because he would like
to have a date with her. Sunday
I saw the girl was real nice.
Will I guess I need a nurse. The women
over here can all go to.
But we ^(you + me) did get along good on that
score anyway.

I use to go on the Admiral in
the day time. I went once in the
night time. But I guess I will have
to try it again. All the soldiers like
it.

Yes did see "Pride of the Yankees"
with Rex Gehrig. There was a
good song in it to. Do you remember
it. The name is always. I want
some thing like this:
not for just a day;

Not for just a year.

But always; always. of course
it is talking about the love com &
his wife had for each other.

Talking about movies. I always wanted
to take you to the drive in theater
in St. Louis a first out side of it.
You have your car & a girl what
else could you ask for. What
do you say to that?

Well I guess that is just about
all. Since the weather is getting
to write home about. I will
close now.

I hope that you are in
great health & happy
With Lots of love & kisses

Hq.

P.S. I hope I can get all the things
some day. It would take two
days to get them all.
