Dearest -

I guess you are
back to the old grind of
school again. But that
is life and you can not
have a vacation all your
life.

I went to a wedding
Saturday. It was very nice.
We had a party for the girls
the night before men only.
The boys got feeling good
too. I stayed in town. We
slept 4 in one double
bed. If you think that's fun
you should try it one night.
I had arm + hand +
toes in my mouth all

night long. I used a
coat for a pillow. I did
not know that until I
wake up in the morning
my poor neck. But it
was not as bad as one
other boy who had a
big book for a pillow.
That went I got better
the head with the only
good pillow & got a head-
ache the day started. But
I should not say that
until I tell you that
the chickens got us up at
5 o'clock & the children in
the house got us up at
7 o'clock what a life.
I would not give any
thing to go back to

the nice camp. At least they
sleep late in the morning.
Maybe it's hard to get us
a sleep at night but in camp.
But it is harder to get
us up.

So much for the night before.
The next day a wedding day
it just rained all day. You
should have seen our
clothing. It looked like they
just got us out of a river.

They had a nice party after
it was all over. So after
seeing the bride which by
the way was a nice blonde
& a great girl, we all left.
Oh, yes the husband sleeps
next to me in the barracks.
So you do not have to think

twice on I kissed the Bride.

Now to your letter of Aug
9, 1944. Which has a very
nice smell to it. What did
you do to it.

I looked at the return address
& it was your home address.
and I said what still at
home. And then your first line
of the letter starts like this -
"yah, I'm still here." But
says very few to me that I
got my questions answered
so fast.

I just had a little
break. I had to wash
out to shirts. The old
wash woman is a fit again.
At least it gets my hands
clean.

I never heard of going sailing
at night but then it is a good
idea. With a moon out. what
say.

I will try to send you
some of those informal poses
when I get home. I stood
then at the place for 5 weeks
and still did not get them back.
By one they slow here.

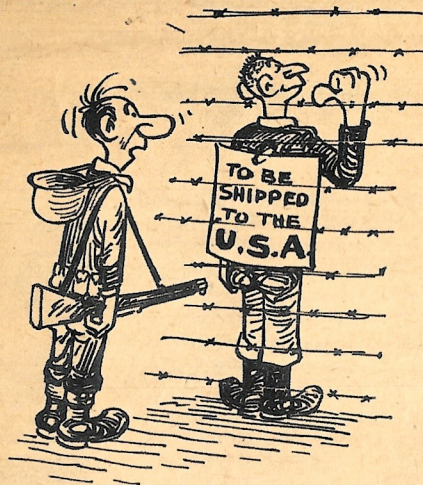

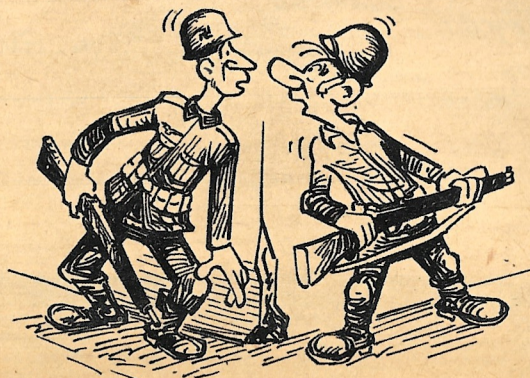

My brother was to join the
mail August 15 or about that
time. So I guess he is in now.
I hope that he got a long & for
it is hard the first month or
so. until you get on to it. Home
was never like this.

I am glad to hear that your
brother is doing ok. but is
in New Zealand now.

Do you know that 10,000
men got married from jail
from there. So you better ~~the~~
watch him he will have a
wife. Before you get a husband.
I got your story about harem
& it was pretty good. So I
will enclose a piece I ~~wrote~~^{cut}
out of our "yank". I guess the
last said about it the better
for everybody. If you care it
& mention you ~~like~~ look at it.
It will remember you fine.
I tell like that picture I
got of you.

Hope you are in good health.
With all my love
I really miss you -
Alice.
