

AMERICAN RED CROSS

Oct 1, 1944
England

Dear O. To day is Sunday
& so you can see by the
paper were I am. So I do
not dare to say that I did
not go to church this Sunday.
Right now I am writing
you this letter.

Do you know that this is the
first letter I wrote in Oct. that
is to make you feel good.

I do not have much news
for you. But I do go on a
leave the first week in Oct.
So if the mail is a little slow
you know why. You see we
have to wait our letters in
camp. and if I get 7 days off
I sure am in going to stay

in camp. But I guess you
will not mind getting a letter
for a while.

I had a pretty good time
last night. ~~It was still dark~~
needed me girl like you
& make it complete. There is
your father being doing. I told
mother that I want the first
dance with her when I get
back. I told her that she
better practice up. I would
like to see her face when
she gets that letter. I bet
she will die laughing.

We had a beautiful
night last night. The of those
great English night. The only
thing that what makes it good is
the car so you could hear
the rain on the roof.

Of course you need the
fight girl. And I know where
to find it, the girl in "Saint Louis".
They only play in "The crowd".
I sure will be around but
the date & time is very
fuzzy. So I better not make
any date. Well talking about
blacks. I think that you will
own me a couple after the
Browns beat the Yankees a couple
more times.

I guess that is enough
of stuff for one letter so I
will get to your letter now!

I'm very sorry that you
did not see John before
3 weeks. I thought I write
just about ~~two~~ twice a week.
But it looks like I missed a
little. Maybe I can blame

I am the boat it might sink. I do not have any good reason but that we have been working a lot and the news is so very little to write about.

I guess the two ministers daughters will make you leave that day to early. you can not have dinner that week. pack at night. Like you do me by I know. But he really misses that now. Tell the girls hello for me as I may need their father's help one day. And just before between you I better start in soon.

I can bet you had a nice time at the Camp Rona. Especially with Dennis men. That is true

You do you best. If they
and enough girl, then I would
do good there. But I don't know
I mean I don't know better.

Did I tell you I saw the
picture of me in India? It
was very nice. I will send
home & see that fair. There
is a lady in our house who
is from Ind. and she says that
the picture made her feel
sick. How about you? Part of
remember right you saw
the picture a while

You you said me this last
the Black Forest. Well, that
is my neck of the woods and
I can show you all around
there. You see I passed that
place when I went to school.
And very I stayed in school

long enough to know the
place. I know it when it
had farms & what a different
of roles in it. As it was a
big place like the Highlands.
Then it was closed up. And
open again. The police thought
they had a German museum
Borden there. So no body would
go there. The place changed
hands. And they put a lot of
work in it. And now you
see it.

They just play a lot of German
songs & dance the Christmas
New Year. You see now,
my brother & I & our friends never
went in but we had to put
it to go home. I worked in the
heated across that. But that's
my story.

I hope you do not mind all
this history. But I like to write

about the place. Any at home.

When we was in grade school we ~~use~~ use to make trip through the woods & the cemetery which is next to the place. Right behind the place is a big woods. And if you want me some other place. I think I could find a couple. Although I have never been back there at night. There is a nice hill & good right riding too. But I could go not on with this few pages & you could go & see over it. But I could show you a lot about that place. Which I will have to do next time. I got a change. There is a nice park near there. Which is very good. I know every

tree & sitting in it. We will have
to try that too. We had a lot of
night sled riding there, with
early fair.

Well, I guess that's
just about all for now.
I had to stop in the middle
of this letter & beat a very
few games of pig pig. Now I am
happy. Means a couple
months ago he would beat
me.

Could you explain what your
mean by me being feeble.
Well, I hope that this letter
finds you in good health &
happy. With love of course
& kisses
Agnes
