Dearest,

I am pretty mad now. I gave my pen & some say & use until he gets finish addressing his Christmas cards. So now he is gone & I do not like this pen I got. I hope that he gets back soon. Well, I give him hell.

Talking about hell. Just how is the Hell one you? You never tell me about your health. So let a guy in on the dope. And that guy could be me. So do not let me in to far. For I am like the Fuller brush man. Give me an order and I will take a mile.

I wrote so many letters the last couple days that I do not know what I told you in the last letter. So if this is a repeat. Just skip it.

To-day we been in the war just 3 years. And the 5th I was over here a year. I do not see that I have got long ago. But now that I look at the mirror I can see the grey hair. Say are you looking at you? I hope you do not mind the kidding so I ~~feel~~ feel good. I should not use good as I surely have not been good. I mean that good as good to every body. As I did not answer all my mail.

And talking about mail. I got a letter from Ray, my brother yesterday. He wants both of us to go to college together after the war. Well, I have my doubts about that. as I will be pretty old when I get back. They have a gain.

My brother is not the only one that writes as I got a letter from you. Can you imagine that. It is short

- but sweet. And it shows that you
 are thinking about me. I like that.
 You know that time is not a day goes
 pass with out me thinking of you. As
 I got your picture, the one which were you
 are sitting on a beach, is my writing
 pad. and I write just about every
 day.

Since when did you start printing your
 letters. I like it. The boy put some
 back with my pen as you can
 tell it now.

As you letter says the stores all
 have the windows are all full of
 Christmas things. The English stores do
 not go in for that stuff. and there
 they do not have the things to put
 in the windows. I really miss going
 down town & looking at them.

So you are missing the old

table truck to find out things. I
would like to know what you
found out. My sister said that
it says that it would have
me home by Christmas.

So you liked Washington D.
Can you tell me what building
you went to? You know I was
at the same school. I do not
remember all the building. But
if you can tell me just where it
is, I would know. I really did
not want to leave out there.
Are the Army boys still out there?

That Christmas card of yours
is very very nice. I like the saying
in it. I wish I could get one
like that for you. But why did
you say that sweetheart stuff is
a lot of nonsense. I thought
it was very nice. I always did
like that song Sweetheart.

And I will sure keep that card.

I am that is all for 8 days
I will write later. I hope that
all your pays are received. And
this New Year brings us closer than
before.

With all my love as
many times as you can read
H.P.

P.S. When you can not stand the pen
we will sit down & ~~write~~
right on going. H.P.
