My Dearest Maudie,

Well, since I
am behind in writing to you I
thought that I would drop
you a line. I have been
~~thinking~~ thinking about you a
lot now.

Monday night we got
what I have been waiting
a long time for. As we got
about one cracker & half a snow.
The place was all white &
it looked white. It melted a
little Sunday and last night
it got cold and the ice came
all over the place. Then last
night it snowed more. and
we got about 3 inches of
snow with ice in it. All
I need now is a sled. Be-

Come I really like to
got sled riding now. We had
a lot of good snow fights
yesterday & today. Two
of us was on one leg.
So they both jumped on
I got brought down my
back but I washed
one leg first before he
got away. They made a
rough snow man too.
The snow is very wet
therefore it makes good
for snow balls.

I went to town last night
and saw Frankie in "High
Kicks". He got a good voice.
But for a good all round singer
you need Bing & Ray. He
sang the music stopped & we
kept on dancing. Then I sang
O.K. Frankie and all of them
got put out of the place.

But he is not a Cad singer. 3.

But he is not a big man, I
guess the girls are going for
these small men now.

Every body has to stay in for
3 days as they are going to check
upon the A.W.A. So I guess I
will spend a quiet night or
two at home. Friday night
I start on a pass & am off
day Saturday off. So I guess
it will be in next week before
I write to you again.

I don't know if I told
you that I got a picture
for my brother. He really
looks good. I got one of
my sister in a sailor suit. He
looks like a nice. I guess I
will have to keep the ~~picture~~ ^{picture}
away from her in a corymbus.
She was in my daddy's
sailor suit.

Our family really goes for the
money. As I think you can
guess by now. I should
not talk so much about
them as I guess you saw them
at the house when Reynolds
were. Therefore you know
how they look better than
I do.

You are saying sure this is
this letter about missing me.
I heard a song about that
& I just can not get it out
of my mind. The words
went something like this: "Last
night I miss her. I leaned across
the sea and I heard across
5000 miles to miss her." Well,
some thing like that. I guess you
know what I mean. I sure
wish I could do that.

So I really miss Dad. I never
do do Dad.

You are talking me about
your tests. Boy, I sure forgot
all about this like Dad
since I left Washington?
I hope Dad you writing to me
did not spoil your test grade.
Forget about me when you
get a test are class. I
can wait. As we said Dad
enough now. Dad will love
I got a lot ^{more} ~~more~~. We can
always make it for this test
time. I would like to do
it in person. So if a letter is
a little late a small ^{is}
O.K. with me. I ~~can~~ can catch
up ~~it~~ with Dad time later.
So you saw the picture "out
we in S.F. Remis." I just finish
reading Dad in a book. I am
glad you liked it. Because
I know I will love it

now.

6.

I am glad that you are taking
some new steps in America
because I need a lot of work
to make mine good. And I need
a good teacher. I think
I will take a nurse because
they have a lot of patience
with people. That is what
I need.

I am enclosing a cartoon that
my sister saw in the paper.
So my mother sent it to me.
What do you have to say
about it?

I guess that is all. I wish
you a lot last night. And
I guess I will to night.

With my deepest love

D.P.
