Dearest Martha,

Today I was made  
very happy because I went to get  
my mail & found that I got some  
mail in fact I got 14 letters to-  
day. So you see I am not doing so  
bad. I got a very nice letter from  
you today which made the day  
complete.

I got Christmas cards & a Christmas  
package. The package was a  
small picture of my cousin Virginia.  
It was the best picture I have seen of  
her. And I had to write her a letter  
to thank her for it. I think you said  
she was nice looking. Well the picture  
made me think so. I never took much  
interest in her before but I do now.  
So bad she has to be my cousin.

I got a letter from Ray all about  
the days he had at home. And from  
what he now writes he had a  
good time then.

2.

I got 4 long letters from Dad & mother  
about Roy being at home. And she  
wrote all about Christmas. But did  
that make me home sick.

The weather over here is still  
very cold and bright now we are  
all around the stove. It is the  
only way you can keep warm. We  
still got our snow. What I think  
I write you all about. I have wrote  
a lot this week & mother so I do not  
know if I wrote you or not about  
the moon.

We got some mist & fog and  
when it got near the ground it turned  
to frost. And every thing is white the  
trees & bushes. It is just like the picture  
you see on cards. The snow on the  
grounds & roofs the frost all over  
every thing. And now we also got  
that full moon too. It looks like I  
got this full moon a lot. I guess it is  
because I do not look at you. I am  
just thinking about you and then  
I know you are looking at the moon  
to that & why I think about it. I think  
we closer to you. I will have to see  
you looking at that moon too. Then

3.

I can get a kiss in there.

I am listening to the radio with  
Art Hays & Bing Crosby on. I got a  
couple hundred minutes just blame it  
on to them.

Now you didn't. As I am reading  
your letter about the party. And I  
read all the food. I am getting  
hungry just like I did when mother  
wrote me all about it. The dinner  
really sounds good. I wish I could  
get that food now.

You miss really feel good as you  
write the letter. I feel like that  
some times. But I wish I had a longer  
time to get to know you we had a  
way what time with each other.  
I hope that I can get to know you better.  
I guess I am just one of those slow  
moving people. It takes time before  
I feel that I may that you do. Not that  
I do not love you I do. But I want  
to be more than that I you. I want to  
be with you. And I feel that can be  
done by know you better each means  
I will have to ~~be~~ go out with you  
a lot. I hope you will understand  
it. I do love you a lot.

So you think Ray looks good will maybe I should watch out. As he may take you away. And Jeanine think the boys do not go far her because she has a weak glaser.

We got a couple colored troops on the post they are <sup>for</sup> us. They have just been over seas a month. Well, they only have 29 <sup>more</sup> months to go before they get half a chance to get back home.

You asked me if I want any thing that you would send it. Well, I will let you know if I do. But I would like to have you send all your love and just keep up the good letters they really help me a lot. I am sorry that I can not write the same kind back to you. But I tried it just will not come out. I want it.

My heart is full of you, my mind is thinking about you, and you name is on my lips. How I wish you were in my arms to night.

May I watch over you  
as I send you all my love.  
D.G.
