Dearest Martha,

I just had 2 days off & I did not die. That is why I did not write to you before. But when I got back to camp. I found a letter from you. And it was good to read it. Of course it had to be in bed when I did a lot of dreaming after it.

I had a very nice time while I was in camp. Of course I can have a good time just by getting away from the field. And the further away the better I feel. I guess you know what I mean when I say if you just try it in place of field.

I see in this letter & a lot of other letters that you are like a bright work. Well, we are not ~~perfect~~ but today a lot of new things that we got to work to. Each night is a day of work. And if you want to get to town you got to hurry now. As you got one

four & eat a wash & dress,
before the trucks leave.
Second instead of starting on
your pass at noon & 1 o'clock you
have to wait until 6 o'clock. That
is so you put a half day of work in
the last 6, if you still feel like
going & tour at night. You have
to wait until 9 o'clock. Well with
all the bad things I have I say about
it it all has one good point. I
get to get the war over faster so
much the better. And the way they are
putting out the planes in these
big raids. Well, if the looks like
they mean to stop it fast as they
can.

I saw a very old picture which
I was on pass. It was Dead End.
And the Dead End photo was in it. It
is a very old picture. I guess you
saw it, which still at high school.
The weather here has been very
good for Feb. a lot better than
last year. A little wind because it
is near March but outside of
that it's O.K.
I got a letter from my brother. He
said a pass & went to New Orleans.
He sure does not like the Southern

people. As they usually do not go for 3.
the service. I heard that from a
lot of people a day. I guess that
something is going on. I don't know
if be. I hope I did not hurt you
as I have my doubts about what
will you are on.

Missouri was a slave state & St.
Louis was half a day. But in the first
year of the Civil War it came back
& the Union & my country is right, I hope.
That the war had again with
me now here. It is really a big one.
As I was going to bed Saturday night
I thought about you & if you are looking
at the same brown doors. I guess that
reminds me of you more than anything
I know.

Do you think your brother is in Japan
now. I hope he is St. I pray that you
stop at home a little longer than
you did. As he was at home a
very short time.

I did not know even will make
you romantic. I must remember that.
So I will use that if I do not feel
in a good mood when I write to you.
As I could let all my letters to
be sweet & nice.

You told me about a box of pictures
"thirty seconds over Tokyo" - The very thought
of you is a kiss met! The way you smile
about the last one it's a little & pig.
But it still makes me near one of
those British pictures. They are better
of them.

of them.
 John. What goes in love & had
 comes out so off-strictly? You say of
 heart this one. I think you shall so I
 will put skip the answer. Oh, I
 got you going with it is a piece of chewing
 gum. My Brother give him hell.
 I really like it when you say that
 you want to pay your family back. I
 would prefer to come way if I had
 not me & College. So I really like that
 point in your letter. You just keep to
 that like a you will not go wrong.
 You mother & Dad will think a lot
 more of you & so will a lot of people.
 I am as much of

more of you & so on
 And I will love you as much of
 St. Louis as I can. put you in a place that
 you are the one that will love me the
 places. It will be a long time.
 I love to get some sleep now
 as we get to work late to morning night
 also. And I really need my little sleep.
 Henry Cove. I do not change
