My Dearest Martha,

Today I received two nice long interesting and good worded brother letters. Of course I must answer just one of them now. But, first I must tell I add a little for you a little now.

Since spring started yesterday we are really having some great weather. In fact I have not seen England with this kind of weather. All the sun you want & not a drop of rain. The nights are warm & the moon is getting full. What a life.

I guess the reason I am so happy is because I got a lot of letters today. I felt about a week of nothing & finally got some and they were from you & the kids.

Last night I saw the picture of Soldier for "Don't Die". I really liked that picture. I guess you saw it by now. I really had a big laugh out of it.

We got some boys in that came back from the Infantry and sent an airmail unit. The boys got shot a bunch of times in some thing. They got them in the hospital. And if they can not go to the front again. They put them in the Air Force. As a lot of the boys in the Air Force went to the Infantry. One of the boys I know is going. That one is in a picture I sent you. Do you remember that picture of Boy no longer with the boy from Antioch. He is going now.

But the boys really like the Air Force. It
is not like the other places. And they really
tell you a lot of things.

We also got some boys on limited service in
to. They just been over here today. are they
lucky. I think my Cousin is in that. Then when
wife had the lady at Sullivan Hospital.
I see that they must be putting a uniform
on your room. and I know how you feel about
that.

In this letter of March 1st I got 3 nice costumes
which I like a lot. I don't keep them with
the others I got from you. Thanks a lot.

I like the way you started the letter me & only.
I got a letter from Mother and she asked me
with one & only mother. Is that some thing
new. I really like it.

I guess you will have wrote me all about
May Ann. As you said in this letter when
only to say you. You are right that is enough
from one family. I bet you could get out of that
draft for murder. By love it. And you tell
them about your sister. Mother? But if they need you
I guess you will be in the war in a way also.
I guess that is the best you would
never get near me if you get in the army. I
it is best for the war in. But what you
you have to say about it.

So you went out to celebrate your 2^d year at
nursing. I wish I was there to help
you do it right. But I guess I will not even
be there for you last year. I hope you had
a good time. And was a good girl and
not got drunk. But I fear you do not
drink any.

I think you gave a school the first of
April one night a week for 4 weeks. I
think already. But I will wait until you have
on it later after I find out all about it.
This has been a short letter as I am to
get back to work.

I will try to visit you again
soon. I will tell them I want to come over
with the 3 little ones & I will be there
soon so much.

I love you.

Yours
A. P.
