March 27/1945
England

My Dearest Martha,

It is a good day today as I got
a very nice letter from you. And this is really
a very nice letter. Well, I will get the letter.

I had Sunday off and I did not do much.
I did go to a dance Saturday night and
I had a fair time. Nothing I wrote home
about.

Sunday which was Palm Sunday was
nice. I mean the weather. I wonder if the
weather will be good Easter Sunday.
which is not far off. I guess you got your
dress or coat for Easter. Oh I got mine
but it looks the same to me. And I am
glad it will be the same for a good
long while.

Well Sunday I saw a show. They don't
have good pictures on Sunday over here.
In fact most of the theatres are closed on
that day. I did see Henry Alcock in "The Edith" I
got a good kick out of him. Cook and
I see him.

Last night I went to a boy's house. I told you
that the boy was named Harry. I am going to
see him. I wrote you about that. Well his

wife is going to have a child very soon
in about 3 months. My mother sent me
some thing. So I told it over to them last night
and spent my night there until I had to get
back to camp. My mother sent me
some pictures of the yard
they are really good. Boy he sure has grown
I guess I better walk out when I see him.
I used to beat him in all the fights, but I
have my doubts now.

We lost one of the boys to the infantry yesterday.
He is left to get his training. I guess he
does not like it much. But they will be
sending me away soon so.

The water main broke Sunday at 3 o'clock
(PM) and we do not get water until late Monday
night. I did get a little to drink so I could
go to town. Boy it is sure hard to get around
home with cold water. If you were tired
it you would know. But I bet back you would
bet it was sure hard on our meals as
they could not use the water. So just think
how hard it would be for you with
out water.

I am like the way you started this letter.
I wish I could get thought of that. But my
brain is just not working these days. Oh I
guess you can see by this letter.

you really helped out my morale. By
writing all these nice things about my
picture. But it is that picture that makes me
look better. Because I can see how I
was when I left high school 2 years ago.
I wish I could get that but I can't.
But I do not see how that picture could
be all you say it is.

I really started my paper. I guess you will
not get that picture. But it would not be turned
out any good.
You got me pretty much this letter. And I
will be happy. You said you are coming,
and then go in. But later by telling me you
got the right place in the reception room.
The radio & nice soft lamp and nobody
to bother us. Say you really made it sound
good. Now I must have to try it. And really
mean it. As I have been thinking about
it a lot now. Oh, why can't this be over
so I can try that all out. I bet you give me
very nice.

You are telling me about the Christmas you
had on New Years Eve and the good time
you had & how. Say that is the way
I spend it. Just take it easy and have
sleep. I have got a lot of good home cooking
I get when I get home.

After telling me how we are about about 15.
I could be in your arms & in the right
place. ~~nothing~~ nothing on earth I would
rather after I get there you put the top
on it good.

Because now you are telling me about
the hamburgers & fudge & such as a Cokes you
grab had. I sure wish you would of
been with me for the last. But ~~there~~
no fault might in your arms. That would
be better.

I also got 3 nice cartoons in this letter.
Looks a lot for the cartoons.

Well, I guess that's all for now. I know
this letter is not as good as yours. But still
I hope a very thing about you. May we
soon get to see each other.

Ad my love &
many kisses.
J. G.
