Dear D. Mary,

Yes, today was April fool day.
and I did not play one joke! I am really
getting bad. But since it was also
Easter, I just thought I should be
good. And to top it off it was Sunday
also. So I did not put any thing. Did
you or did you get some pulled on
you?

Saturday I went to the show. I think
the Oresteia was my first love. I really
like this. I guess it is because I don't
my 2 men & Grandfather was all in
the same line of work. Stagehands Well
the show I saw was "Winged Victory".
It was pretty good. It is so nice to tell
you about it as your guess have seen
it a long time ago.

I you did not there is a part in it were
to celebrate Christmas. And it is really
good. You would die laughing at the
G.T. dress as women.

If course there is its bad part were ².
One of them is killed in a plane. and
now one is sent by jay. But it's a good
show

Sunday I did not do much. In fact
I did not even go to church for an
getting a big bad off boy.

I think I may have my pit chance.
I did I will not have as much time
as I did. Therefore I can not write so
much. I can tell you more about that
at the end of the week.

I shall make this a short letter as
I got to go to school room. I wonder
how the first night will be.

How have you been feeling lately?
What is it? I do not know. This morning we
had rain. Then sun shine & now
wind. I guess you call it St. Louis weather.
It's not cold but pretty good.

We had to move our watch up
one hour last night. At 2 PM why?
didn't know. Some thing like Summer
time a day light saving time in the East.
But now we are 2 hours ahead of the
Greenwich time.

I can see by this letter that you don't
go for St Louis weather much. Well
It's pretty bad some times. What are
the good points about the: Indianapolis
weather. Did I send you in the letter
were not any.

If I had I can not give you your
christmas time gift. But try how this
else. I would like the of a rough. But
it would not be over there. I can have
one now over here. But what good
is that?

So you got a lot of good bed time stories.
Well, I wish I have I get in I read &
hear them. Do they give an thing about
a boy & girl in a park? Those kind of
stories really make me happy and
glad that I know a girl like you.
We really did have some good times.

How about this night life. I have
wish you would go out & have
a good time. All work & no play makes
Jack a dull girl. I hope that you go out
now.

But I see in the next paragraph that
you have been going out with a
boy from Scott's field. I hope you had a

Q. of a boy is he? are maybe I should not
ask.

I am to close now as the school is
getting close.

I miss you a lot & hope that you
are in good health.

May God watch over you
& keep you until I get home in
my arms again.

With my love to the whole
family

Yours
H. P.
