MISS MARTHA DARROUGH
LUTHERAN HOSPITAL
SCHOOL OF NURSING
ST. LOUIS, MO.

April 8/1946
England

My Dearest Marty,

I have got
so many letters of yours I just
don't know how to read in
peace. Would you ever for-
give me.

You see with this new
job I have very little time
to write you. And believe it
or not, I can about 15 letters
per hour. So if I write
every day for 2 weeks, I could
never do it. I may have to break
my promise about writing
letters for letters. So I could
never do that.

I have stop writing & nothing
to do every day as I quit can
not find time! I hope that your
will not get mad at that if
it happen to you.

I thought I might I would
just don't know of the high

places in your letter. On questions
I remember.

I think one was about how ^{long}
you love me. I asked that be-
cause I wanted you to make
sure. What I am trying to say
in a couple words is this. Please
do not set your hopes & things up
so high on me. As I may never
see you again. In other words
we may find some body else.

I think about you a lot very much
more than I should. I wish
some day you got those nightmare
bad with each other. And
I pray that they will come soon.

You love me more than
the love my family does. Now I
know you must have some interest
in me to do that. If you did not
you could have said that time
for some other man. But I really
like that.

Therefore I am going to see you
and see a lot of you after this.

is over with. And may be we³
can strike up some thing good.
Better than when I left.

I hope this letter will at least
just said stop you from
writing. I really would miss
the letters. I hope some I get
no use to them that it is hard
to do without.

You are the only girl that
I have a lot of interest in and
I can not love that when I read
those letters you write me. You
are the first one I want to talk
out when I get home. The first
one I thought would like to kiss.
I will make this promise. You
will be the first American girl
that I will kiss when I get
home, if I ever do go.

What I would like like to say
is that I want you to love me
a lot. Like I think you do now.
But I will have to find out
love for you before any thing can
happen. And that will only happen

when I get to see you. When #
I hope is soon.

I also got 3 pictures for
you. The no one by the Christmas
tree is very very good. I find
now that I thought of all
the things we have said and
how much I would like you
again soon. I hope you do not
laugh but I felt like crying
when I saw it. Why I do not
know.

The other ones of you & girls
are very good. As I got the
pictures with the letter and
do not have the letter with
me I can not write much
about it. That will be in a
letter coming.

This job is really keeping me
busy. I have very little in
one of the bags I work with
may go home. As he has
been over here for about 3 years.
and I think he should get
a chance to go home. He

is not sure that he wants 5
it. As he may be sent to the
Pacific and he the next want
that. He is only 21 and is ^{was} young
when he got in the army. The other
day I work with his married
and has a girl he has never
ran. I know he would like
to go home. But they will not
give him a chance I guess.

I saw a picture last night
it was good. The moon was
Shin On Harvest moon. I think
one the time that song was
written for us. As they had a
very big moon. The kind we
think about. And then I
thought of you again when
I saw it. Did you see it?

I soon got a letter from you
March 27. It is very nice.
You better not keep on reading
me those sweet letters as I
will want that when I
get home. And then it may

cause a flight. Which I do 6.
not want to be.

About Washington V, well they
just gave the subject & fast
and I was for me. I was
slow at things. And so I just
didn't quit. The teachers
said a course like that
would take for 5 years we
were to do it in 25 months.
And that's a little of fast
for me. I was never very
smart anyway. Not many
of the boys go through.

I was beginning to wonder about
'Ego T. B. H. No.' but I see that it
is Latin. I gave up guessing.

I am I laugh when you
say that you go on nights. I
can remember the nights I
had to let you go early so you
would get to work with in
time. Now did I hate & do
that. And the time I walked
over to the Hospital with
you. I will never for

get that night but there
are so many nights that
I can not forget.

We just eat some Easter eggs
but my mother sent me. they
were not bad. I had been
a can with wax on the top.
One egg had my name on it the
the happy Easter and they
were all colored. I had
never think of the Easter.
I really miss those Eggs we
had at home. of course they
all were colored. but that
is good - for fun to do.

Did I tell you that all the
last week or ever here we
got pool in the. but that is
also the more of your gift. I
think of all the times you are
here more if they had it
at home.

So your Brother is in R.A.T.C
your family is really in

for the service. I hope they
do not get you. As they get
enough of you soon.
I hope your brother say out
of combat. Write me if you
any more.

I hello to all of you. I hope
this letter finds you in good
health & happy. I am in
very good health.

Well dear one, I guess I better
go to bed & clean up you. Oh,
how I wish I could make
those dreams come true.

all my love. I can never thank
you for all you did by just
writing a letter. I thank.

Love always

Hope.
